

The Gazette

Wednesday, April 30, 1975. 15¢

Vol. 16 No. 17 St. Albert & Sturgeon

THERE WAS a good turnout at the flea market in the basement of the Braeside Church last Saturday morning and a Gazette photographer just caught the tail end of the crowds, before they left.

Taxes up 13 mills - Mayor blasts Government

St. Albert's town council released the 1975 budget during a special meeting of council held prior to the regular committee of the whole meeting on Monday night. The residents of the town will be facing an increase of either \$77.92 (Catholic) or \$91.52 (Protestant) on the average over 1974.

Mayor Richard Plain explained that municipal mill rate is 54.68 (as per the recommendations of the administrative committee) with a breakdown of 52.69 for municipal purposes and 1.99 for library. The education mill rate set out by the school boards is 18.96. The total mill rate is 73.64; the increase over 1974 is 11.44 mills (Protestant) and 9.74 (Catholic).

The mayor explained that the simplest way to explain the situation was, "given the average assessment of around \$8,000 ... you would find that for 1975 vis a vis 1974 that the average taxpayer would net a \$91.52 increase (Protestant) or the average taxpayer would experience an increase of \$77.92 (Catholic) ... 18.39 and 15.24 per cent increase (respectively)."

The mayor explained that the reason for the levels of increase were due to the fact that all levels of the economy were experiencing inflation, the increase in the number of residents (about 14% increase in St. Albert, and the fact that the town is in a "catch-up" for basic facilities. Dr. Plain also stated that new demands are con-

tinuing to appear before governments and council and the Government of Alberta has not been devoting the attention it should to municipal assistance over the past two or three years.

"What that means is

basically the following," the mayor said, "on the difficult task of attempting to find better and a more equitable basis for equalizing payments to minimize the burden of difference in fiscal

Please turn to page 2.

Mayor gets raise - effective May 1st

Councillor and mayoral remuneration increases were ratified during a special meeting of council on Monday which could spell the finish of an issue which has been facing council since early January, the subject of a number of petitions and representations, and a matter which has cropped up during the deputations and delegations segment of nearly every meeting since it came to council.

The decisions reached are a \$16,500 yearly salary for the mayor of the Town of St. Albert and a flat yearly salary for each councillor of \$4,200. In both cases, one-third of the salary is termed expenses.

Coun. Lukay moved the recommendation regarding the salary for the mayor and Coun. Thronson moved that the matter be tabled until an independent committee of citizens could have the opportunity to examine the matter of both mayoral and councillor remuneration. Coun. Thronson's motion did not permit discussion and was defeated 2 to 5 (Coun.

Fyfe and Thronson voted in favour of the tabling motion).

Councillor Lukay's motion regarding the salary increase for the mayor carried 5 to 2 with Coun. Fyfe and Thronson opposed.

Coun. Fyfe asked to speak

to the motion regarding the mayor's remuneration and was permitted. She noted that there have been arguments both pro and con about the remuneration and she had asked for justification.

Please turn to page 2.

Mayor Stapleton fumes over St. Albert's opposition on Morinville's development

seems as all this has "gone down the river," according to the Morinville mayor.

Referring to joint meetings with the Town of St. Albert over the past few months Mayor Stapleton said, "We thought that we were dealing with gentlemen (St. Albert council) but it seems that we walked into a bit of intrigue."

He pointed out that the thing which really irked was the "unethical way (St. Albert) had procured the information and used it against the growth of Morinville." The area of growth referred to is the proposed 640 acres

to the north-east of Morinville which is slated for development by Qualico Developments Ltd. If the growth gets approval from the Edmonton Regional Planning Commission it would mean a significant increase in Morinville's tax base.

Mayor Stapleton said that he will be attending the ERPC meeting April 30 where the proposed annexation will come up for discussion. Delegates from St. Albert at the meeting can expect to be hearing more on the subject from Mayor Stapleton. He said there were means to solve the

problem, "But till I have some better confessions ..."

Mayor Dick Plain of St. Albert has said that the major growth of Morinville will pose several problems for St. Albert in the area of water, sewer and transportation.

The developers propose to use a pipeline from Morinville to St. Albert which is to tie in with St. Albert's new sewage treatment facilities.

Any traffic increases resulting from Morinville's growth will run through St. Albert on Highway 2, if the growth ever gets off the ground.

Town will negotiate with Abbey Glen on shopping complex

Council voted 6 to 1 in favour of continuing negotiations for a development agreement for regional shopping facilities with Abbey Glen Property Corporation during a special council meeting on Monday night. The proposed location of the facilities would be on the opposite side of the highway from the proposed recreational complex.

The motion was made by Coun. Frank Lukay and was opposed by Coun. Rod Thronson, who did not feel that sufficient information was known regarding traffic implications of the two complexes located on the highway.

Mayor Richard Plain disallowed input from the gallery during the special council meeting, and slated public input to the deputations and delegations segment of the regular committee meeting which commenced directly following the special meeting. Mayor Plain bickered with Mr. Ian Geddes who did not feel that public input should have been disallowed prior to the motion, and Mr. Geddes was

threatened with ejection from the chambers for creating a disturbance. A motion to permit the public to speak was defeated 3-4 (Plain, Wetsch, Breadner, Smith).

Mayor Plain explained that the procedure of negotiations

consisted of consideration of the various developers' proposals in terms of which was suitable for further proceedings (i.e. undertake negotiations leading up to a development agreement).

Please turn to page 2.

District 3 turned down on High School addition

On Monday, April 21, the board of the St. Albert Catholic School District No. 3 learned that the request for an addition to St. Albert High School had been turned down. The School Buildings Board of the Department of Education considered that due to the fact that a high school has been given recognition of need for the Sturgeon School Division, the current capacities within existing schools in St. Albert School District should provide adequate for some time to come.

OPEN AREA - LACOMBE PARK

Following some recent parental upset and board discussion concerning open classes at Albert Lacombe School, Mr. E. Baldwin, secretary-treasurer, reported that an estimate for subdividing the open space at the school had been received from the architect. For a total cost of \$15,500 three classrooms can be converted from the existing open area. The majority of this amount

would be spent on the installation of Modenfold Soundmaster doors.

The board decided to investigate the pros and cons of the proposal contained in the estimate and expressed a wish for some information in terms of the practical use of folding doors.

Chairman Steve Sieben circulated a copy of a memo from the mayor to all members of council on policies regarding relationships with school boards in the Town of St. Albert. The memo acknowledged that the school boards are unhappy with the present state of affairs in the area of communications. Several policies were put forward by the mayor to alleviate some of the current problems.

MILL RATE 20.7

The board went into an in camera meeting to discuss finances. It was subsequently announced that the mill rate was set at 20.7, a reduction of school tax over the previous year.

\$2600 for cancer

The citizens of St. Albert proved once again their generosity, in supporting this year's cancer crusade campaign for funds. Campaign co-ordinator Mrs. J. M. Venne, reports following the nine of the blitz a total of \$9,051.00 had been received, this is \$2,600 more than last years. The CWL has sponsored the Cancer blitz for the past five years.

The one nite blitz, door to door campaign was made

possible when 250 volunteers enlisted to do the leg work. Donations in every size and from every type of person were received by the canvassers.

Mrs. Venne said, "I think the residents of St. Albert should be commended for rallying around and supporting the philosophy of the Cancer campaign." There is life after Cancer, thousands of cancer patients are cured, Cancer can be Beaten.

Taxes up

Continued from page 1.

capacity among regions, the province has been following a holding pattern."

The mayor said that the 15% increase in Provincial Grant is lost in a "major way" in those communities which experience growth. In the case of St. Albert, Mayor Plain said that in 1973 St. Albert had a 14.2% decrease in Provincial assistance, while the rest of the province enjoyed increases. He said that St. Albert lost 6.3% per capita in 1974 and it has been estimated that in 1975 - 0.9%.

"The municipal assistance grant as it is presently constituted," he said, "tends to force or suggest that it is better to live in the highly industrialized areas - build up the large metropolitan areas that have the high industrialized base - because if you move out into the other areas you will find it is that with high population and other growth rates you will receive the minimum level of assistance."

Mayor Plain said that this means that St. Albert should have been paying \$43.20 (Protestant) or \$29.92 (Catholic) if the equalization grant was operational and recogni-

zed population increase.

The mayor reported that St. Albert should be getting \$635,975 paid to the community this year rather than \$311,154.

raise

Continued from page 1.

tion to support the increase and had not been given satisfactory answers. (Coun. Fyfe noted that she had been given the suggestion that she follow the mayor on his duties for two weeks). Mrs. Fyfe said that it was possible that the question of remuneration had become a matter of principle rather than actual dollars.

3rd HIGHEST IN PROVINCE - FYFE

Coun. Fyfe noted that with the mayor's salary set at \$16,500, plus the car allowance of \$50 per month, plus extraordinary expenses, plus the yearly meeting rate of ERPC of \$2,000, would make the mayor's salary in St. Albert the third highest in

A pessimist is one who expects nothing on a silver platter except tarnish.

Continued from page 1.

The mayor explained that if a development agreement was satisfactorily negotiated, "we would then go to a public hearing prior to rezoning", and if public input was favourable first, second and third reading of the rezoning bylaw would be carried out.

"We are now at the stage," Mayor Plain said, "that we have to decide whether either of two particular developers are at a stage where we can enter into the next phase, a period of time for negotiating a development agreement which I would suggest something in the neighbourhood of 45 days."

Mr. R. L. Byron, town administrator, noted that in the report supplied there is

the Province of Alberta (behind Edmonton and Calgary).

Mayor Plain corrected Coun. Fyfe's reference to ERPC stipend stating that he did not feel that \$2,000 was a correct estimation of the sum. Coun. Luky pointed out that there is normally one commission meeting per month and one metro meeting per month - an average of two meetings per month. He explained that extra-ordinary circumstances could result in further meetings being struck.

Councillors' remuneration narrowly passed; there was a 4 to 3 vote in favour of the yearly remuneration of \$4,200. Coun. Smith, Fyfe and Thronson were opposed.

Coun. Breadner made the motion and stated that he was doing this as a compromise. He did not feel that it reflected the cost of living increase. Mr. Breadner noted that the motion demonstrated that the council was not willing to spend money in an area that the council did not feel justified in spending. The motions regarding remuneration were not made retroactive to the first of this year and will come into effect on the first of May (moved by Coun. Luky and opposed by Coun. Fyfe).

Abbey Glen

some concern that there is some additional information required, "however," the administrator said, "if it is felt necessary to begin some meaningful discussions with one of the developers in order to at least get an understanding of the type of commitments the developer might be prepared to enter into."

Mr. Byron felt that there had to be some indication given regarding commitments, otherwise it would be difficult to carry on the "meaningful discussions."

Mr. Thronson stated that in light of letters received from the Department of Highways, "we will be in a very, very serious situation" which could cost money if the town moved without consideration of traffic generation.

Mayor Plain noted that the types of information which raised the concern of Coun. Thronson would be germane to the rezoning procedure while only a decision to proceed with further negotiations was being discussed at this point in the proceedings.

Coun. Breadner appreciated the concerns raised by Coun. Thronson but felt a time limit should be placed upon the negotiations. He also felt that negotiations with one particular developer did not preclude continuing contact with the other developers who had approached the town with proposals. The other developers could be negotiated with once it was determined if or not a decision could be reached with Abbey Glen.

Coun. Fyfe expressed concern regarding who would be carrying the cost of bridges or crossovers necessitated by the development on the highway. Mayor Plain stated that any capital expenditures for such matters would be charged against the developer if determined as a result of the development. The mayor said that "dead wood" would have to be cleared away first.

Coun. Luky wondered if the 45 days represented sufficient time for the developer and Mayor Plain noted that the time span was a target. Mr. Byron was in agreement and stated that after 45 days an indication of the "how serious the developer is" would be determined and a judgment could be made at that time whether it would be worth going on with the procedure.

Coun. Smith noted that what was being debated was whether or not to go ahead with negotiations and felt that it was time for negotiations to be pursued. Mrs. Smith said that she found it difficult to make a decision on a particular developer to follow up on negotiations and hoped that the other developer who could be suitable would be kept in the picture. She felt that negotiations should not be delayed because of the risk that a project of this type could be adopted by either the MD of Sturgeon or the City of Edmonton. She noted the need for the assessment and the employment aspects of a shopping facility of this type and believed that the project would not have a great deal of impact on the existing facilities in the town because they compete with facilities

outside of the town already. Coun. Wetsch noted that the position of the other developer would be one of continuing with investigations regarding their project. Mayor Plain noted that impact of the second shopping centre (Shelter Resources) would be under investigation.

Coun. Thronson noted that he was in favour of a major shopping facility on the highway but was against moving ahead without traffic information.

The motion regarding continuing with the negotiations was quoted as follows: "that a letter be sent to Abbey Glen Property Corporation advising - 1) the town is prepared to meet immediately to negotiate and finalize development agreements compatible with the itemized criteria, 2) subject to execution thereof council is prepared to process bylaws to rezone lands adequate for phase one development for purposes of regional shopping centre construction, contingent upon compliance

with the guidelines of performance under the development agreement, particularly the time frames therein to be committed. (The Abbey Glen proposal suggested completion by the fall of 1977 for Stage One).

Business group presents views to Council

A cross section of businessmen - about 30 - endorsed a prepared statement listing some of their concerns which they had hoped could be raised at Town Council Monday night prior to any action by council on the Abbey Glen shopping complex proposal. They were not allowed time to present their views, but the statement was handed to the Administrator for circulation to council. The statement reads as follows:

SOME INPUT OF THE BUSINESS COMMUNITY

\$1,000 damages to truck in St. Albert overturn

An estimated \$1,000 damage was sustained by a Consolidated Concrete ready mix truck April 25 when it overturned at the intersection of 137th Avenue and the St. Albert Trail.

Ralph Gordon Lauman, driver of the truck was not hurt in the accident, no charges were laid and no member of the public was involved in the occurrence.

St. Albert RCMP were called to the scene of the accident which occurred at 4.25 p.m., causing a two hour traffic snarl for traffic turning east on 137th Avenue from the St. Albert Trail. A truck from Cliff's Towing was sent out to prepare the overturned truck for moving.

A spokesman for the City of Edmonton police said that the driver had been travelling north on the St. Albert Trail and was making a right hand turn on to 137 Avenue when the truck over-

TO TOWN COUNCIL
It was the understanding of the business people and residents that this council would complete a General Plan and present it to the public for their reaction and comment BEFORE taking any actions which would have a major impact on the future development of our town. We refer to statements made in the last election campaign.
Both a regional centre and a \$4 million recreation complex will have such impact, and both are pro-

posed before a general plan is ready. We therefore respectfully request council to consider some questions raised by local businessmen.

A major shopping complex could lead to a six-lane highway through the centre of town. Have the developers approached council and/or the Department of Transport in this regard, and if so what advice have they received? And may we ask that a study of the long-range impact of increased traffic caused by the complex be undertaken as to municipal costs and

social effects on the community, before a commitment to a developer is made?

May we ask Councillor Broadner expressly who are the town's experts in regard to major regional shopping proposals - and whether these people have expertise on conditions in satellite communities - which present quite different problems than centres such as Grande Prairie or Lethbridge for example.

Have any studies been done on what the impact of a major regional shopping

centre would be on the existing community, since the previous council heard quite different opinions by a number of experts on this matter?

We would ask to be informed of council's plans for developing the downtown core. The businessmen have some concern about the town's investment of \$1,200,000 with annual interest payments at present of \$100,000. We feel that the price of about \$4 per square foot paid by the town is contributing to higher land prices, so that each year the core could become less economically feasible to develop. Could we ask council's reaction to the proposal of IGA for the downtown?

A major shopping complex must depend on heavily concentrated residential development, which in our opinion means that it will not appreciably lower the present high ratio of residential versus commercial/industrial tax base. Does council agree with the estimate that the town will grow about 4,000 per year for the next 15 years, by Abbey Glen? While the shopping complex will contribute a large annual tax assessment, we would ask council if an independent study has been conducted on what the complex will cost in terms of servicing this growth with school, police and fire protection, water supply, road and street maintenance, plus social costs of community centres, playgrounds, Day Care, rinks, tennis courts and so on? While the developers are

paying more, we have had experience with how these costs are passed on - and the price of houses here is presently extremely high, as are mortgage payments, which affects disposable income and inflation.

We would ask council, therefore, what is being planned for the Riel Drive area, which we feel requires a major road improvement almost immediately, plus planning for an attractive industrial park, which would give as better residential-industrial tax base.

This town-owned land, because of its proximity to Edmonton will, we believe, certainly become viable, despite the fill requirements of the lagoon area. We believe the Chamber of Commerce could assist the town in endeavouring to attract suitable industry, given a good industrial park.

Finally the businessmen have some concern as to whether St. Albert can in fact afford the major recreation complex as proposed. We would ask council what the costs will be in terms of mills, both on the borrowing and the annual upkeep.

turned. The police spokesman said that the heavy load may have been a factor in the overturning but according to a statement from the driver, at the time when the vehicle went out of control, "there was nothing underneath (the truck)." The police spokesman said that this may have indicated suspension trouble in the vehicle.

SIX YEAR OLD GIRL HIT BY E.T.S. BUS

A six year old girl was hit by an Edmonton Transit System bus on Sunset Boulevard April 28.

St. Albert RCMP said that the girl, Gayle Ringuette of 70 Sheridan Drive, St. Albert had apparently ran out on to the road as the bus was approaching, glancing the right hand side of the bus before it came to a halt. The driver of the ETS bus was Mr. A. Freeman. The girl

was taken to the Sturgeon General Hospital for treatment to injuries which RCMP said were not serious and a hospital spokesman said Tuesday morning that the girl had been treated and already sent home.

THREE WINDOWS BROKEN AT LORNE AKINS SCHOOL

Three windows were re-

ported broken at the Lorne Akins School April 25, St. Albert RCMP said Tuesday. There were no estimates as to the cost of the damage which was sustained on the north playground side of the school building. A spokesman for the RCMP said that this was the first case of vandalism to occur at the school for some time and hoped that this was not the signal for more of the same.

New CUPE contract formally accepted by hospital board

The Sturgeon Hospital Board #100 formally accepted the 1975 CUPE contract which will give the non-medical staff at the Sturgeon General Hospital a 100 per cent pay raise staggered over the next year.

Local 1335 representing the non-medical staff in their negotiations with CUPE unanimously accepted the raise effective April 1 through till March 31, 1976. Under the agreement staff will get 60 per cent of their raise April 1, another 20 per cent July 1 and the final 20 per cent November 1.

The hospital board formally accepted the new contract at its regular board meeting April 23.

Commissioner of the Al-

berta Hospital Services Commission Lawrence Wilson also turned up at the board meeting to deal with "a pot-pourri of several things" including the role of the board with the Commission, pre-admission laboratories, funding of health services and further planning and equipment.

Mr. Wilson pointed out that there was concern over where the board was going and that "it was time for a chat." Before the press was requested to leave as the meeting went into camera. Mr. Wilson gave a clue of what the press was going to miss by making a reference to the problem of the relationship of the board to senior administration and finance.

Arrogant council

Once again we have seen democracy in action. Regarding the pay raise for our Mayor - the citizens of St. Albert have spoken loud and clear, at this time and in the manner adopted to foist this on the people, they are against it by a large majority. In spite of this, some council members have indicated it will go through.

In heavens name who do

Correction

As to an article printed in the Gazette of April 23, I would like to make a correction.

In the article "Businessmen meet with Council." As stated Mr. Belke was not representing the merchants of Grandin Shoppers Mall, nor was he necessarily expressing their views.

Peter Zuidema,
Grandin Shoppers Mall.

Resident discusses major issues facing town

After voicing some concerns regarding both industrial development and the development of a regional shopping centre in the Town of St. Albert at recent meetings of council, it occurs to me that I am probably giving vent to a feeling of frustration which is almost certainly felt by many other residents of the Town.

In the last few months, we have been exposed to a considerable number of public meetings and apparently conflicting policies which, in context or out of context, appear to make very little sense.

I would like to deal separately with four areas of specific concerns, which are as follows:

1. The proposed growth rate and size of the Town of St. Albert.

It would seem to me that to ask the question of the population, "Do you wish St. Albert to remain at its present size or to grow?" Without supplying sufficient technical information to enable the population to answer the question in an informed way, is obviously going to produce the majority response, "No growth!"

It could be expected, however, that if the beneficial effects which could be anticipated from various rates of growth or proposed total population were explained to the population, that their response may be completely different.

It is public input of the latter kind which would enable our elected representatives to make decisions which are truly based on the desires of the population as a whole.

2. Regional Shopping Centre - Size and Location

My comments to council regarding a regional shopping centre in the Town were construed by some to imply that I would be in favour of such a move. This, however, is not the case.

My comments were intended to indicate that if a regional shopping centre in the Town was a viable reality at this time, I was far from satisfied that the choice of the site was being carried out in a logical, professional or responsible manner.

Personally, I feel that a full-scale regional shopping centre in the Town of St. Albert would, at this stage, never find the support from national tenants which would be required to enable it to get off the ground.

In fact, what I feel we need is a neighborhood shopping centre for the Town a good second food store, a medium sized department store, perhaps a theatre and a few ancillary businesses. As I feel sure that a development of this nature would draw a considerable amount of traffic from north Edmonton

Gazette Reader

COMMENT

and in the light of the fact that the proposed sports complex is intended to be built north of the river, I would suggest that the most suitable location would be on the highway on the south side of the Town.

As it is a recognized fact that a hotel and a shopping centre strongly compliment each other and since the Shapiro site is located with access on all four sides, it would seem natural to place such a development in that location.

If St. Albert in the future should grow much more, it is reasonable to assume that such a comparatively small community would be unable to afford the roadway network which would be required to locate all commercial activity in one position. I would anticipate further commercial development taking place more in the form of a third neighbourhood centre than any expansion of an existing one.

3. Industrial Development.

In resolving both the previous questions, it should become apparent to what extent St. Albert requires "industrial" development in order to provide it at all times with a well balanced tax base.

The phrase "industrial development" carries with it a connotation from which, as far as I can gather, a large segment of our residents imagine filthy factories belching smoke. This is not the case.

The Edmonton region is basically a service-oriented area and as such, experiences a constantly increasing demand for perfectly clean and aesthetically acceptable storage warehousing. It is this type of industrial development which St. Albert should look for.

In order that such a park should be acceptable to all the residents, it should certainly be located on the boundary of the Town and since the requirement of rail service to such facilities is becoming an increasingly important factor in the market place today, it becomes apparent that logically, the land most ideally suited to this use is that which lies along both sides of the rail at the eastern boundary of the town.

Another requirement for developments of this nature is naturally that of first class road access and since the proposed ring road alignment cuts right through this

area, the land in question is exceedingly attractive for the purpose.

Depending upon the extent of industrial development which the Town decides to accept, it may be that the land to the west of the rail is inadequate and prior to the announcement of the alignment of the green belt, the land to the east of the rail would have been natural for annexation and expansion. It is consequently a cause of some concern that I have seen no indication from council of an attempt to have the alignment slightly adjusted.

4. Development Control.

In light of the intention of council to introduce development control, I would greatly appreciate complete clarification for the residents of the town on the actual effect that such action will create.

I'm not interested in the mayor's or council's interpretation of the effect but more in a specific explanation of the legal effect.

It is my belief that introduction of such a Bylaw would be a retrograde step and would have the effect of causing development and improvement of our town to atrophy.

If my understanding of the true implication of development control is correct, then most developers, whether it be for a new development or redevelopment, will be most wary of making a commitment in our town.

In conclusion, it will be seen that of all the major issues facing our Town in relation to development at this time, not one of them has been fully explored in a manner which makes it possible for the citizens, in an informed manner, to provide any meaningful input and I would sincerely hope that prior to the public meeting on May 14, which can have exceedingly far-reaching consequences in the development of our town, the answers to many of the above concerns will be fully clarified by the professionals and elected representatives who control our destiny.

IAN M. GEDDES,
Grandin Park.

Hebrews: Chapter 12, Verse 2
Looking unto Jesus the author and finisher of our faith; who, for the joy that was set for him, endured the cross, despising the shame, and is set down at the right hand of the throne of God.

IMPORTANT NOTICE

YOUR opportunity to have a SAY in the alternatives for future growth and development of ST. ALBERT . . .

The TOWN OF ST. ALBERT and the EDMONTON REGIONAL PLANNING COMMISSION [E.R.P.C.] are co-sponsoring a Planning Workshop for the community at SIR GEORGE SIMPSON SCHOOL ON WEDNESDAY, MAY 14th, 1975 AT 7:30 P.M.

WHY?

The Town is preparing a General Plan that will examine future community growth and development alternatives and their implications. The E.R.P.C. is preparing a similar Study, but at a Regional level. Before the Town and the E.R.P.C. can respond to these issues and problems they need to know your concerns, your ideas and your preferences.

The Issues at Stake

- Rate of Growth - future annexation
- Transportation
- Housing Costs
- Recreation
- Social Services
- Conservation of Community Identity
- Municipal Tax Base
- Education Facilities
- Industrial Location
- Your concerns and quality of life.
- Town Centre

CONCERNS

ALTERNATIVES

Meeting protests salary increases for Mayor

A number of people spoke out against the proposed remuneration of 16,500 for the mayor of St. Albert at the public meeting held at the Club Mocombo on Wednesday, April 23. There were 12 items placed on the agenda for the meeting altogether.

MAYOR'S REMUNERATION

The majority of the people at the meeting raised their hands in opposition to the proposed increase and some articulated that they were in favour of the matter going to plebiscite. One member of the audience noted that the proposed increase had already been shown to be against the wishes of a large portion of the town illustrated by over 2,000 signatures on a petition. A speaker in the audience stated that he was in favour of the increase because a \$12,000 salary was not consistent with that which a "breadwinner" would normally receive and in light of the "big voice" of a mayor in the affairs of the town the position should be allocated a remuneration appropriate to that role.

Coun. Frank Lukay pointed out that while an opinion had been expressed with the petition, a great deal of per-

tinant information was not brought to bear with presentation of the petition for signing. He pointed out that the mayor is doing a job demanding a salary. Coun. Rod Thronson stated that he was not in favour of an increase but he was in favour of a full time mayor if the matter was demonstrated to be valued by the electorate. Coun. Breadner noted that a petition on the matter could be held at any time.

Mrs. Stibbe noted that the mayor appeared to be making an offer to council which they could not refuse. She stated that the increase itself was not under discussion, the principle of the matter was in question.

Coun. Garry Wetsch explained that a mayor cannot perform duties without being in conflict with an administrator/manager's duties. He stated that he would support the \$16,500 increase. Coun. Margaret Smith pointed out that a half-time executive in the administration would be receiving a salary of about \$20,000. She pointed out that the mayor was performing a full time job which was a consistency in all the municipalities surveyed by the management consultant.

Mr. Keith Easson noted

that the public feeling on the matter had been demonstrated and felt that council was not listening to the people.

COUNCIL REMUNERATION

Councillors' remuneration, recommended by the committee to be set at \$4,200, did not raise the discussion that the mayor's salary raised. It was explained that the remuneration was to be made a flat yearly fee to simplify bookkeeping. A flat yearly remuneration was recommended by the management consultant. Coun. Thronson explained that he was opposed to a yearly remuneration and favoured a per meeting stipend.

Members of the public expressed concern regarding the shopping services in the Town of St. Albert and requested to be informed if the matter was any closer to resolution. Mayor Plain noted that the matter would reach a point on April 28 where council would be in a position to impart their recommendations.

REGIONAL SHOPPING CENTRE

Mr. Devorak, in the audience, expressed concern as to the effect that a regional shopping centre would have on downtown core development. Mrs. Stibbe noted that at a recent council meeting the public was asked to leave so that an in camera session could be held but the content of the private session were subsequently reported in the local newspaper. She said that she took exception to this.

Mayor Plain noted that council strives to maintain openness but also respects the request of someone appearing before them to be permitted to have a private session if there is sufficient reason for the request. He explained that the reasons for the in camera session were given at the meeting in question. Coun. Thronson said he was distressed when the contents of an in camera session were divulged because it indicated that the private meeting was not necessary. Coun. Fyfe stated that she felt there was not sufficient reason given at the time for a meeting in camera. She pointed out that council is bound not to release

information imparted in camera but the person appearing before council can release the information.

A questioner in the audience asked if the decision to locate a regional shopping centre at the north end of town would forego a second major highway into Edmonton. Mayor Plain pointed out that this matter was the subject of a great deal of conjecture and there had been no indication either way from the Department of Highways. It was asked if the presentation of the group at the council meeting recently who imparted a proposal for downtown development would delay decision regarding the regional shopping facility. Mayor Plain assured that the investiga-

tions would be "hard nosed" and would rely on all input.

REC COMPLEX

A questioner asked if the decision for location of the swimming pool aspect of the recreation complex had been to locate at Paul Kane School. Coun. Barry Bread-

ner noted that siting for the entire facility, including swimming pool, had been decided for the Oblate Fathers' property. Mr. Breadner said that a coalescent facility would be more conducive to use and the Oblate's property had a greater potential to expansion of facilities.

PUBLIC NOTICE

BYLAW NO. 1/75

By the Board of Trustees of the St. Albert Protestant Separate School District No. 6 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the St. Albert Protestant Separate School District No. 6, of the Province of Alberta, that the sum of One million eight hundred thousand dollars (\$1,800,000.00) should be borrowed on the security of the said District by issue of debentures repayable to the bearer in twenty-five consecutive annual instalments with interest at the rate of not more than twelve per cent (12%) per annum for the following purposes, namely:

- a) landscaping Site at an estimated cost of \$ 5,000.00
- b) erecting a masonry addition to the Paul Kane High School to consist of: 6 general classrooms, 2 Science Experience Classrooms, 1 ancillary classroom, 1 Business Education (manual typing), 1 Business Education Office (practice business machines), Library, Home Economic (3rd Station), Industrial arts (3 stations), Phys. Ed. Floor, Phys. Ed. Storage, Shower and Dressing rooms, Phys. Ed office, Staff Room, Staff Workroom, Cafeteria, Servery plus such other non-instructional areas as are deemed necessary to provide a functional educational unit and fall within the limitations set forth in the Regulations under the School Buildings Act, and renovations to the existing Paul Kane High School at an estimated cost of \$1,725,000.00 including Architectural and Engineering fees and water supply and sewage disposal systems.
- [*May be combined as Staff Work Room]
- c) providing furniture and equipment at an estimated cost of \$ 70,000.00
- d) at the Paul Kane High School Site in the Forest Lawn Subdivision, St. Albert.

THEREFORE, notice is hereby given by the Board of the said School District that unless a poll of the electors of the said School District for and against the said debenture loan is demanded, as provided by Section 104 of The School Act, 1970, the said Board will apply to the Local Authorities Board for authority to borrow the said sum by issue of debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

W. W. WEBBER,
CHAIRMAN.

Dated at St. Albert this 23rd day of April, 1975.

INSTRUCTIONS TO ELECTORS PETITIONING FOR A VOTE ON A MONEY BYLAW IN A SCHOOL DISTRICT [Sections 2 (e), 3 and 104 - The School Act, 1970].

"Elector" for the purposes of petition for a vote on a debenture bylaw means a person:

- (i) 18 years of age or older.
- (ii) who is a Canadian or British subject, and
- (iii) resident, in the case of a petition, in the district or division in which the petition is to be presented on the day upon which he signed the petition, and who has been a resident of Alberta for the six consecutive months immediately preceding nomination day or the day upon which he signed the petition, as the case may be.

A poll respecting the aforementioned borrowing may be demanded in a School District by preparing and submitting to the School Board a petition for a vote in accordance with the provisions of Section 2 (e), 3 and 104 of The School Act, 1970.

The petition must be signed by at least

- (a) 2 per cent of the electors in a district or division having 10,000 electors or more, or
- (b) 5 per cent of the electors in a district or division having less than 10,000 but 5,000 electors or more, or
- (c) 10 per cent of the electors in a district or division having less than 5,000 electors but 500 electors or more, or
- (d) 15 per cent of the electors in a district or division having less than 500 electors.

and be filed with the Board within 15 days of the last publication in a newspaper of the public notice of the proposed debenture borrowing.

salary increase for mayor

Continued

A questioner asked if input had been received from the school boards regarding potential siting and Mr. Breadner noted that the "pink paper" had been received from District #6 recommending the P.K. location for the pool while District #3 supported the Oblate property siting if a split was not followed.

Mr. Jarvis asked if the nominal lease of \$24,000 per year for 25 years had been included in the cost of the facility, would the town be able to support the complex comfortably, and what input citizens would have regarding support of the complex. Coun. Thronson noted he was not speaking for the council but felt that he had not had sufficient information on this matter. He said that all the information regarding the implications of the grant program should have been sought prior to further planning of the facility.

Mayor Plain noted that 6 to 1 voting had been received throughout discussion of the recreation complex. He said

that the application for the grant was currently before the Department of Parks, Recreation and Wildlife. He said that input had been sought from the public and full interpretations of the grant program are coming.

Coun. Breadner felt that the town could well find that the ownership of the 15 acre site of the complex could well be coming to the town before the 50 year lease had elapsed. Coun. Breadner said that he estimated that the project would amount to roughly four or five mills in total. He assured the public that the full taxation implications would be brought up when the matter came to a money bill.

Former Mayor Ray Gibbon wondered why public owned land was not being considered for the recreation complex and Mayor Plain said that the Oblate property could well be the best purchase in recent history.

The site, given that it will require sidewalks and cross overs along the highway so that users will not be forced to contend with highway traffic, received criticism.

Coun. Frank Lukay noted that these problems would be considered in the internal traffic study.

A questioner noted that there would be serious implications with a recreational facility being located across the highway from a potential regional shopping facility. The questioner wondered if the traffic generated would be conducive to harmonious existence of the two facilities. Mayor Plain noted that this has not been specifically examined but would be brought to bear on the deliberations.

The swimming pool was criticized for lacking safety insight in its planning. Coun. Breadner noted that this matter was still under investigation but the recommendations of the Parks and Recreation Board had been brought to bear on the planning.

Mrs. Bakker was concerned that the plan for the pool made it completely inadequate for water polo.

INDUSTRIAL DEV.

A questioner asked what was being done for industrial development in the Town of St. Albert.

Mayor Plain said that everything was being done to ensure that industrial development would be coming to St. Albert.

A questioner asked if St. Albert would be "sending Conservative money to NDP country" when planning was underway for the downtown development. Coun. Breadner stated that the selection procedure was underway in the Edmonton Region and Mayor Plain noted that because of the ring road issue, industrial development remained up in the air. Mayor Plain said that he was heartily in favour of industrial development but could not see this happening at the expense of the residential areas of the community. He said that he felt confident that the matter of industrial development would be resolved by the end of the term of office of the current council.

HIGHWAY ACCESS

A questioner asked what

was being done to ensure better highway access between Edmonton and St. Albert. Coun. Frank Lukay noted that studies are in progress detailing the problems of internal and regional transportation. He noted that these studies are being financially aided by the province. Mayor Plain stated that a short term answer could be found by improvement to 170 Avenue and 170 Street.

OFF-SITE CHARGES

Mr. J. J. Bakker asked if the off-site charges currently being levied by the town are legal in the light of litigations in Spruce Grove. Coun. Weitsch noted that he felt that St. Albert's bylaw would hold.

R.L. 56

Coun. Breadner explained that River Lot 56 was currently under study by the Province and a land use decision would be forthcoming. Coun. Smith pointed out that the ski club was utilizing the property (east of town) for the preparation of cross country ski trails.

JOINT USE

Mayor Plain assured the meeting that the matter of Joint Use was not going to be resolved. He said that he was confident that the school boards and the town would strike a new agreement in the best interests of the community.

1975 BUDGET

Mayor Plain said that the 1975 budget would be reflecting an increase in the order of \$70 to \$90 per household. The mayor said that the matter had yet to be resolved and the information would be broken down in terms of priorities and directions of the council.

OTHER BUSINESS

The only matter of other business brought up was regarding the new procedure of picking up garbage in the Town of St. Albert. The questioner noted that the new system of garbage collection had bearing on property values and aesthetics. Mayor Plain noted that the saving was \$65,000 compared with an added expense of \$130,000 and the fact brought to bear on the situation and decision would be clear when examination of the 1975 budget was made. Coun. Thronson noted that he was willing to pay the added expense.

Prior to the adjournment at

11:58 Coun. Myrna Fyfe noted that plebiscites could be held on the issues of garbage, recreation complex, council remuneration, and public transportation, which amount to about 10 plus mills to get public input for priorities. She said that it was either a plebiscite situation or leave the decisions to the council level.

Diabetic meeting

The Canadian Diabetic Association will hold its meeting on Thursday, May 1, at 8 p.m., in the North-West Utilities Auditorium, 10404 - 104 Street.

Guest speaker, Dr. Stanley Saphof of the Faculty of Dentistry and a practicing Periodontist will give a slide presentation on the care of gums and teeth with special emphasis on its importance as related to Diabetes. Following a question and answer period and coffee, draws will be made for the annual C.D.A. Raffle.

Strawberry Festival Successful

Garlands of strawberries, and butterflies perched on gilded branches greeted the many attenders to the McKenzie District Annual Strawberry Festival held in the Vital Grandin school gym on April 12. At this very successful event an excellent array of handicrafts and baked goods were sold. Tea and strawberry shortcake enticed the adults while the fish pond delighted the youngsters. An extremely informative camping display was set up by the 4th St. Albert Guide Company, and the talents of the 11th Brownie Pack were exhibited in their art display.

Along with sales, competitions were also the order of the day. In the poster contest the Leprechauns of 2nd Pack were awarded first prize, the Gnomes of 1st Pack won second prize and the Kelpies of 11th Pack won third prize in the Brownie division. The guide division was won by 1st Company with the Canaries taking first prize, the Orioles second prize, and the Kingfishers third prize. First prize winners in both divisions received Brownie or Guide autograph books, and ribbons were awarded to all winners.

The entries in the baking contest were very numerous and resulted with double prizes being awarded in the 9 - 11 year old class. In the 7 - 8 year old class first prize was won by Theresa Willott of 11th Pack with her Wacky Cake, and Patricia Pickle of 8th Pack won second prize for her Chocolate cake. Two third prizes were awarded, one to Lori-Ann Yarrow of 7th Pack for her Gingerbread Cake, and the other to Dawn Keller of 8th Pack for her Lemon cookies. The 9 - 11 year old winners were: 1st prize to Alana Blower of 8th Pack for her Raisin Nut Spice Cake and Shirley Kong of 2nd Pack for her Chiffon Bunny Cake. Second prizes went to Janet Ewan of 1st Company for her Chocolate Jelly Roll and Julie McCaw of 2nd Pack for her Gingerbread Cream Cake. Third prize winners were Aileen Blakeman of 11th Pack for her Pound Cake and Donita Rokosh of 4th Company for her Bran Muffins. First and Second prize winners in the bake contest were awarded a cook book - recipes for young adults - donated by Canadian Sugar Factories Company, Lethbridge, Alberta. Third place ribbons were awarded, and participation ribbons were given to all the girls who entered the contest. Ev Gabourie of Greenwich Cres. was the winner of a hand-made afghan while P. Demulder of Geneva Cres. was the winner of a painting that was painted and donated by Mary Van Os of Sturgeon Road.

Memorial service being held for Jack Bigg

A memorial service will be held for Macdougall United Church, 101 Street and MacDonald Drive, Edmonton, on

Friday, May 2 at three o'clock.

The family requests that in lieu of flowers donations may be made to the Heart Fund.

Mr. Bigg was the Member of Parliament for Athabasca and Pembina for 14 years. He retired in 1972 and the family have made their home in St. Albert for about a year. His death occurred suddenly April 17th, while on the return trip from a four-month vacation which had taken him and Mrs. Bigg to Ottawa, Florida, Arizona and other points by trailer. A cremation service was held in San Luis Obispo, California.

JACK BIGG

Kinsmen to sponsor blood donor clinic

The St. Albert Kinsmen are sponsoring a Red Cross Blood Donor Clinic at the Community Hall on Tuesday, May 13, with the assistance of the Kinetites. Blood may be given from 6 until 9 p.m.

A new service for Cryoprecipitate will be handled this year and the Kinsmen, under Chairman Roger Lemieux, will transport this remarkable substance into the city twice during the three-hour period. Cryoprecipitate is obtained from fresh blood plasma and is rich in clotting factors, which enable a Haemophilic to lead a more normal life, free from the worries of life-threatening haemorrhages.

Modern Medicine would not be possible without blood donations. Blood is made up of red and white blood cells, platelets and plasma. Each of these plays an important role in medical treatment and your donation may be used as whole blood or any combination of substances.

Transfusions of whole blood allow today's surgeons to perform miraculous operations on stomach, lungs and other vital organs. Operations such as heart transplants would be impossible if it were not for blood transfusions. Fresh frozen plasma the liquid portion of the blood is quick frozen and kept on hand for patients with specific bleeding problems.

Concentrated red cells, the component which remains after the plasma has been drawn off is used to treat anaemia. Platelets play an essential role in controlling bleeding in patients suffering from leukemia and other malignancies. Serum Albumin, a protein substance, is used to treat patients suffering from extensive burns, and Gamma Globulin, also a protein substance is used to combat many infectious diseases. Rh Immune Globulin is an important blood fraction given to Rh negative mothers.

Board to issue \$1,800,000 debenture on Paul Kane addition

A bylaw relating to the issue of debentures was read and passed at Wednesday's meeting of District No. 6. The debenture bylaw is to raise the necessary capital for the addition to Paul Kane High School and the sum of money involved amounts to one million, eight hundred thousand dollars.

The addition to the school will comprise the following:

six general classrooms, two science experience classrooms, one ancillary classroom, one business education office, library, home economic (3rd Station), industrial arts (3rd Station), phys ed floor, storage, office and shower and dressing rooms, and cafeteria, servery, and other non-instructional areas.

The majority of the money required will be spent on the

additional features described above although \$70,000 will be to provide furniture and equipment and \$5,000 will be set aside for landscaping.

OUTDOOR EDUCATION PROGRAMS

At the same meeting, the board gave approval to an exciting and varied selection of outdoor education programs. Schools involved are: Leo Nickerson, Sir George Simpson and Sir Alexander Mackenzie.

Grade 6 students at Leo Nickerson can look forward to the following activities at Pioneer Ranch Camp, Sundre, Alberta: camping, hiking, orienteering (compass setting etc.), repelling (overcoming certain amounts of physical fear), riflery and archery, swimming and riding. Students will also select two activities from the following list: sketching, meteorology and astronomy, creative writing, sensitivity

training, arts and crafts, nature study, stream and quadrat studies, survival training.

Sir Alexander Mackenzie students will be split into two groups. Sixty four grade 6 students will go to Camp Maskepeton on Pigeon Lake and 64 others will go to Hastings Lake Bible Camp. Similar activities are planned at these camps.

Sir George Simpson grade 6 students will be staying at Pioneer Ranch Camp at Crimson Lake (near Rocky Mountain House). Again, activities will include: horsemanship, riflery, archery, canoeing, sailing, orienteering, nature studies, meteorology and geology and art.

PARENTS WANT BOARD KINDERGARTENS

Mrs. Muriel Martin, assistant superintendent (elementary), presented information to the board gathered

from education questionnaires which were distributed to parents in March this year. Mrs. Martin's interest at this time was in connection with parental response to questions on kindergartens. From 175 randomly selected questionnaires, 135 parents considered that the kindergarten program should be primarily operated by the school board with parental support and involvement.

From 148 returns on ques-

tionnaires distributed to parents registering their children for the 1975-76 school year, 134 thought kindergartens should be an integral part of the school system with parental support and involvement. Although Mrs. Martin was ready to give the board a recommendation in respect of kindergartens, she felt that the board might like some time to digest the information before she does so.

BILLBOARD

TUES. & WED., APRIL 29 & 30 - St. Albert-on-Sturgeon Players auditions for a musical melodrama. Grandin Clubhouse - 7:30 p.m.

WED., APRIL 30 - St. Albert Chapter AARN annual dinner meeting - 7 p.m. at the Purple Dude Restaurant. Any nurses interested in attending please phone Anna Mae Maruyama 459-3484. Cut off date April 25, 1975.

Kidney program

The urine testing of students in Grades one to six in both St. Albert school districts is being conducted by the Kidney Foundation of Canada, and not by the Sturgeon Health Unit as previously reported. The approval of the Board of Health was obtained and the Health Unit assisted with the arrangements. The Foundation also has the approval of

both school boards for the program, and tests will require parent or guardian approval as well.

If the test of a child is abnormal the parent will be notified.

The Kidney Foundation wishes to determine the incidence of kidney disease and stresses that early detection is of great importance in the fight against kidney disease.

How much time does an accident take?

Charley has an accident. The ambulance is called.

The boss stops what he's doing. Bill stops what he's doing. So does Pete and Sam and Ernie. Charley is taken to the hospital. He could be off for a month.

Dave discusses the accident with Phil while machinery sits idle. Roy turns off an engine so he can hear what Don is saying about Charley's accident.

Al and Wayne and George get into quite a lengthy discussion about Charley's accident — and Gil arrives in a truck and wants to be filled in on all the details.

Accidents take time, lots of time. Better to spend a little time to see that accidents don't happen — than a lot of time after they do.

District 3 approves fixed spring break

At the regular board meeting on April 21, 1975, the St. Albert Catholic School District No. 3 made the decision to approve the concept of the fixed spring break for the 1975-76 school year. This means the break

will commence on the last Monday in March and consist of five consecutive school days. The Easter break will consist only of Good Friday (April 16) and Easter Monday (April 19).

Results of the survey

conducted by the school district indicated that the majority of parents were in favour of the fixed spring break.

The following advantages of a fixed spring break were cited:

(a) The amount of time between the Christmas holidays and the spring break will be consistent and divide the second half of the school year into two equal parts.

(b) Most of the other school districts are approving the spring break which will help to standardize the school year.

The school year will start after the Labour Day weekend (September 2) and end on June 25, 1976. The Christmas vacation extends from December 24 to January 4th inclusive. There are 187 instructional days and 195 operational days in the 1975-76 school year.

Playschool kids enjoy French

The first session of "Les Tournesols" bilingual playschool will soon be drawing to an end. However, plans are already being made for a bigger and better class which will recommence in the fall. "These children are so receptive, it is truly a

pleasure working with them," says Madame LeFebvre.

Although most children are not of French descent - it is little or no effort for them to listen to a story, sing songs, answer the roll call. The aim of the playschool

is not to have too much structured instruction, but to make it a pleasurable experience.

Registrations for the fall term will be held at the Mission Park Clubhouse - Friday, May 9 at 7 p.m.

Architectural firm discusses agreement with council

Councillor Rod Thronson prefaced his remarks directed at representatives of Phillips Barratt (the architectural firm undertaking the multi-purpose recreational facility for St. Albert) in attendance at the April 21st council meeting, by stating that he meant none of his remarks to reflect on the integrity of the firm. With this statement behind him, Mr. Thronson proceeded to converge on those points he queried in the draft agreement which the town will be signing with Phillips Barratt in the future.

Mr. Don McCoy and Mr. L. Osipov, representing Phillips Barratt, and Mr. E. J. Walter, town solicitor, discussed various aspects covered in the proposed agreement and answered questions raised by Coun. Thronson and other members of council related to the clauses in the agreement. Mr. Walters pointed out that much of the contract resembled that which would normally be found in an agreement of this type, and noted that the contract amply dealt with the position of the

town in the agreement.

Coun. Thronson concentrated specifically on the areas which could involve extra cost to the town with his questioning. He brought out points related to the preparation of the working drawings of the plan, as well as seeking the costs involved in changes to the plan, overall architectural and consultant costs, travel costs, and copying costs. The discussion ensued for better than one and a half hours before council agreed to continue with queries by correspondence, as suggested by Mr. Walters.

Mr. Osipov maintained his patience throughout the lengthy discussion clarifying the various questions arising and indicated that many of the clauses in the contract were standard. He replied to a statement by Mr. Thronson that architectural costs were running at \$1,000 per day by stating that continuation with the planning was not costing the town \$1,000 per day.

One area which Mr. Walter drew council's attention to related to the position of a "Construction Mana-

ger." Mr. Walter explained that this position has a much broader function than the conventional "clerk of the works." He stated that it is a combination of the engineer and the construction manager that make up the functions of the clerk of the works and architect under the terms of this contract. He explained that this procedure was not common in Alberta

but it had been employed in the construction of both the Lethbridge Sportsplex and the Edmonton Coliseum.

Mr. Osipov and Mr. McCoy agreed with Mr. Walter that the implications of the "Construction Manager" along with other aspects of concern within the agreement could be clarified by correspondence.

The implications of pro-

ceeding with construction by tendering or by project management-process will be further explored before decision will be made. Mr. Osipov noted that delay in proceeding could inflate the cost of the project. A figure of \$500,000 was mentioned as the difference between tender and project management.

Coun. Thronson moved

that a freeze be put on the architectural work being done and the freeze come into effect immediately. He stated that the reason he made the motion was there has yet not been any assurance that the town will be forwarded the grant monies for the project from the provincial government. The motion was defeated 6 to 1.

Air Cadet banquet attracts 200

St. Albert Air Cadet Squadron 533, led by the squadron band, formed up at the Legion Hall last Friday evening and marched to the community hall on the occasion of their annual parent night banquet, attended by

about 200.

The band and the drill team put on demonstrations on the street between the Bruin Inn and Rogers Electric before adjourning with their guests for supper at the Community Hall.

Flt. Sgt. Vivian Bendick was master of ceremonies for the evening, which was handled entirely by the cadets, and introduced the head table guests: W.O. 1 Howie, W.O. 2 Armstrong, RCMP Constable Jeffries and Mrs. Jeffries, Lt. Ken Armstrong, the new commanding officer, and Mrs. Armstrong, Area Cadet Captain Lundquist and Mrs. Lundquist, Mr. Jim Kimball, president-elect of the Lions Club, civilian sponsoring body, and Mrs. Kimball, Mr. Stan McQuitty, chairman for the sponsoring body, and Mrs. McQuitty, Mr. E. A. Seitz, guest speaker, and Mrs. Seitz.

Sgt. Webster asked the blessing on the meal and the toast to the Queen was given by Cpl. Fecteau.

The squadron paid tribute to a number of bodies who have contributed to their welfare and successes. Tribute to former cadets was given by Sgt. Fabi, to the Canadian Armed Forces by Cpl. Kennedy, and to the civilian instructors by Sgt. Jordan. Mr. Kimball spoke briefly congratulating the cadets and bringing greetings from the Lions Club.

L.A.W. Dynes paid tribute to the Air Cadet Provincial Committee and Flt. Sgt.

Cady to the sponsoring body. A tribute to the Town Civic Administration was given by Cpl. Gilham and to the Scholarship Committee by Flt. Sgt. Thomas.

Cpl. Bhimji gave a toast to the parents and the RCMP were toasted by Sgt. Cousineau.

Mr. Armstrong spoke briefly, saying he was pleased to be the new C.O. and looking forward to working with the squadron in this capacity. Flt. Sgt. Bendick spoke on the beginning of girl cadets and their history and involvement with the squadron over the past three and one-half years.

Mr. Seitz, formerly with the armed forces and also an ex-cadet talked about flying and his experiences flying many types of aircraft, including jets, helicopters, fixed-wing aircraft and others. He is presently engaged in teaching aerobatics and his subject held considerable interest for the young cadets.

At the conclusion of his address he was warmly thanked by WO2 Armstrong.

Following the dinner parents were invited to see displays depicting various aspects of the squadron's training, which were set up in their headquarters in the basement of the hall.

Library programs resume

The St. Albert Public Library's popular children's programs will commence the first week in May and continue until schools close in mid-June. During this session there will be something for children of all ages. Preschoolers will be interested in the Library's Preschool storyhours to be offered this time every

Tuesday afternoon from 2 to 3 p.m., starting May 6 and every Thursday morning from 10 to 11 a.m. starting May 8. The Pre-School Storyhours are an hour of stories, songs, games and puppets for children three to five years of age. Due to numbers, parents are requested to bring their children to either session, but not both.

In addition to this program for preschoolers, there will be an after school handicrafts program every Thursday from 4 to 5 p.m., for children from grades one to six starting May 8. There is no charge for either program and attendance is voluntary from week to week. Both programs will take place in the Library Annex.

Newcomers to St. Albert are reminded that membership in the St. Albert Public Library is free. The Library presently has over 35,000 volumes and over a hundred magazine titles. The Library's hours are: Monday through Friday 10 a.m. to 9 p.m., Saturday 10 a.m. to 5 p.m., and every Sunday 1 p.m. to 5 p.m. Your public library has something for you.

EFFECTIVE MAY 9, 1975.

Town finances discussed at Public Meeting

About 200 people attended the public meeting held at the Club Mocombo on Wednesday, April 23, to pump the mayor and councillors for information and answers on a host of concerns and to comment on the state of affairs in the Town of St. Albert. The meeting commenced past the 7:30 starting time.

Mr. Jerry Manegre was nominated by a person in the audience to serve as chairman for the meeting and was elected by acclamation. Mr. Manegre then asked the floor to provide suggestions for items for the agenda. Twelve items were noted - mayor's salary, councillors' salary, shopping centre, recreation complex, industrial development, 1974 financial statement, arterial access to the town, off-site charges, River Lot 56, Joint Use, 1975 budget, and other business. A 13th item suggested was of how long the Sunset Room had been booked for the public meeting noting that the topics for discussion might demand more time than would be allowed in a single evening. This item was left aside with the humor of the suggestion being noted. The agenda was adopted by acclamation and a motion to not establish time limits for items carried. Mr. Manegre suggested that each person be allowed two questions or comments on each topic so that nobody could monopolize on the discussion.

Mr. R. L. Byron, town administrator, had a commitment for later in the evening and therefore was given the floor for discussion of the town's financial statement at the outset of the meeting. Prior to his reading of the statement, Mr. Byron was asked why the established practice in the past where copies of the financial statement were mailed to each taxpayer had not been followed this year. Mr. Byron explained that the financial statement had been received too late for circulation prior to the public meeting and stated that a number of factors including new staffing had contributed to the delay. When asked what the cost of distributing this material would be, Mr. Byron guestimated that it would be in the \$125 range.

Former mayor, Ray Gibbon, asked if it was not a requirement of the municipal government act to provide the financial statement on demand to residents of the town. Mr. Byron noted that the information was usually publicized or made available at the Town Hall at some level of cost. Mayor Richard Plain assured Mr. Gibbon that no price tag had been set for the provision of information. Dr. Plain noted that the cost of duplication could be a factor in assessing a cost for the information.

Mr. Byron explained that the town had switched over to the F.I.S. system of accounting (Financial Infor-

mation System) which he termed to be a more suitable system of noting financial data.

In terms of the revenue that were received by the town Mr. Byron explained that the following were under that heading:

Taxes from all sources	\$3,013,462
Grants	\$ 37,558
Services	\$ 2,599
Sales	\$ 337,031
Other revenue ..	\$ 190,757
Unconditional Transfer	\$ 312,501
Conditional Transfer	\$ 147,420
Other Transfer ..	\$ 586,552

Total actual Revenue **\$4,627,881**

Mr. Byron stated that a deficit of \$154,267 had occurred between the revenues budgeted and the actual revenues received, 4.3%.

In the expenditure column, Mr. Byron noted the following figures:

General Government Services	\$ 384,376
Protective Services	\$ 497,927
Transportation Services	\$ 769,477
Environmental Health	\$ 232,719
Public Health and Welfare ..	\$ 80,241
Environmental Development ..	\$ 77,017
Recreation and Culture	\$ 512,019
Fiscal Services ..	\$2,228,371

Mr. Byron explained that the total expenditures compared to the total budgeted expenditures were \$62,118 less what had been budgeted for, about 1.3% of the total budget.

Taxes receivable at the end of 1974 was \$97,629, 3.2% of the current year's levy, and Mr. Byron stated that this was "very good" and something to be strived to be maintained. Mr. Byron stressed that the revenues did not meet those estimated for two reasons - \$72,500 was budgeted for as recovery on the annual repayment of water debt but it was not included in expenditures so it was not recovered as a revenue and in 1974 a reserve fund was instituted (equipment replacement fund), \$176,400, which was an over-statement of the revenues.

Mr. Byron said that the major area that the town was above budgeted expenditures was in the area of transportation services - \$14,700 not budgeted for which was used for transit way study, garage costs of \$53,000 not budgeted for, pavement estimates were under \$53,000, sidewalks and boulevards exceeded estimates by \$18,000 and \$36,000 respectively.

General information supplied by Mr. Byron was that population increased 22.2% in 1974, the 1974 assessment increased 26.9% over 1973, and total building starts in

1974 were 761. Mr. Byron reported that in the first three months there have been approximately 35 building starts while in the same period last year there were about 225. The ratio of residential and commercial-industrial assessment was reported to be 94% to 6% as has been the case since 1971 with slight variation.

Percentages by function of gross expenditures were quoted as follows:

General Government services - 10%; Protective Services - 13%; Transportation - 21%; Environmental Health - 6%; Environmental Development - 2%; Recreation and Culture - 14%; Fiscal services - 30%.

Mr. Byron said that taxes excluding school assessment 54% supported the total

revenue of the Town of St. Albert and 46% was raised from other sources. \$500,000 was brought in from prior years services - general revenue.

The administrator noted that the taxes per capita in 1973 were \$105.73, 1974 were \$99.39 and if the reserves had not been brought in in 1974 the rate would have been \$119.38. The latter figure, Mr. Byron said, would have been a 12% increase over 1973.

Mr. Byron noted that there have been changes made in procedures such as adoption of the F.I.S. system, a land fund, snow removal/fund under consideration, equipment replacement fund, and the purchase of a mini-computer for sophisticated utility in dealing with accounting information.

More success for local speech mistress

Last week the Gazette ran an item concerning a St. Albert resident's recent win in the annual Canadian Toastmistress speech contest in Edmonton.

At that contest, Janis Evans, of 41 Gilmore Crescent, St. Albert won first prize for council six, International Toastmistresses Club over five other contestants from Edmonton and St. Albert.

This means that Mrs. Evans will now represent council six at a regional conference in Saskatoon, May 24. Mrs. Evans is a member of the Sturgeon Toastmistresses Club.

Joan Bozman of the Cana-

dian Summit Toastmistress Club in Edmonton was runner up to Mrs. Evans.

International Toastmistress is a non-profit education institution for women in 22 countries.

Further information about the Sturgeon Toastmistress Club is available from Mrs. Evans at 459-5215.

ected for the coming year. The chairman, Mrs. Ruth Eyford, said that the election is held every year on the first day of the Feast of Ridvan. This is a special time celebrated from April 21 to May 2 each year, commemorating the time that Baha'u'llah, the Prophet-Founder of the Baha'i Faith, spent in the Ridvan garden in Baghdad.

It was in this garden that Baha'u'llah announced to several of his followers that He was the Promised One whose coming was foretold by all the Prophets of the past. He assumed the name Baha'u'llah, which translated means "The Glory of God." His followers became known as Baha'is.

Baha'u'llah's teachings revolve around three basic principles: the oneness of God, the oneness of religion and the oneness of mankind. He stated that God has revealed His Word in each age through a chosen individual, variously called a Prophet or Messenger; among these were Abraham, Moses, and Christ. Baha'u'llah stated and Baha'is believe that He is the Bearer of God's Word for this Age.

Included in Baha'u'llah's Writings are instructions for the manner in which Baha'is should govern their affairs, locally, nationally, and internationally. The Spiritual Assembly of the Baha'is of St. Albert was elected to function according to these instructions.

Legion holding President's Ball

The St. Albert branch of the Royal Canadian Legion is holding its annual President's Ball at the Club Mocombo on May 10 from 6:30 p.m. A smorgasbord dinner will be served at 7:30, followed by dancing to the Pendulum from nine until one.

For this event the Legion extends invitations to the President's of the various clubs and organizations in town and their wives, as a

way of cementing good relations between the various clubs.

This year the dinner program will also include honours and awards presentations to past officers for valuable contributions. On what may be said a 'lower' level the fishing awards from the inter-branch 1974 competition will be presented as well.

The St. Albert branch has come up with an idea to raise money for their new building which seems to be catching on well. They have had attractive "In Flanders

Fields" plaques made up and have received clearance to sell these through the Province. These will be on display on the evening of the ball.

Members of the Pipe band will again be in attendance to contribute to the colour of the occasion.

For tickets call Denny Taylor at 458-0371, Reg Bremner at 478-5274 or 459-8456, or contact any member of the executive. There will be no tickets at the door, and ticket sale deadline is Monday, May 5. They are \$6.50 per person.

Lions elect Directors

After the usual, unusual campaign techniques, Ed Dunik, Hennig Larsen and George Simpson were elected as two year directors in the St. Albert Lions Club recently for the 1975-76 term. They will be taking office under the Kimball

regime on July 1st.

Lion Murray Keyes reports the meeting was held "in camera" with only the members of the St. Albert, Stony Plain, Jasper Place and St. Albert Breakfast Clubs in attendance. Bribery was held to a maximum, ethics to a minimum and an enjoyable election was witnessed by all.

Hospital Ball

Tickets are still available for the Sturgeon General Hospital Auxiliary's Spring Ball to be held on May 10. This gala event is the social highlight of the auxiliary year. This year it will be held once again at the St. Albert Inn. Mrs. Pauline Fleck, director of nursing, and Mr. Cliff Keyes, hospital administrator will present service award pins to members at the banquet. Tickets are priced at \$18 per couple for banquet and dance and \$7 per couple for dance only. Make your reservations now by phoning 459-8496 or 459-7335.

Local students do well in Edmonton Science Fair

Wade Katzarzyk, a student entered in Lorne Akins Junior High's science fair, explains some of the factors involved in the making of bricks. Wade and a host of other young people were entered in the science fair held last Wednesday.

Several St. Albert students did very well in the recent Edmonton Regional Science Fair, some picking up major awards.

Following are winners in the 15th Edmonton Regional Science Fair in the category entered, also special award winners.

There were seven entries from the Leo Nickerson School, five won recognition, two winning special awards and three honourable mention. There were also three winning entries from the Lorne Akins Junior High.

A special award not limited to any category was won by grade six student Ken Browne for his project on nuclear physics. Grade four student Alison Irwin won the CENCO Junior Biology Award

and for a project on moulds and mould allergies. There were three honourable mentions.

In Category E individual projects at the grade four to six level, Donny Hesselwood received special mention for his grade six project on petroleum. In Category D Dawn Hanna and Donna Sinclair received special mention for a grade six project on the chemistry of soap while grade five students Segun Krey and Donna Burrows were also noted for their project on the development of a hen's egg.

All the above were entered from the Leo Nickerson School.

Others who entered the science fair from that school, without winning any award were grade five students Dale Thronson and Laine Pickle for a project on steam power also Elaine Luders with an individual project on plastic.

From the Lorne Akins school in Category C grade eight student Kathy Telfer won a second place award for a project on hydroponics - the growing of willow shoots in various solutions.

Grade seven students Carla Mitchell and Kelly Rose split prize money of \$50 for their project on food and technology. This special award was donated by the Canadian Institute of Food Science and Technology.

Board tables motion on Joint Use

The board of the St. Albert Protestant Separate School District No. 6 reconsidered its decision to withdraw from the Joint Use Agreement on Wednesday, April 23 but no change in policy came about as a result. For the time being at any rate, the board will remain outside the agreement.

The withdrawal from the program arose from frustrations the board experienced in its dealings with the Town of St. Albert. The decision to withdraw prompted the Town to call an emergency meeting with the board and, at that time, District 6 Chairman, Bill Webber promised he would bring the matter before the school board for reconsideration.

Mr. Webber moved that the board reconsider the decision to withdraw from the Joint Use Agreement. Trustee Shirley McCaffery, who had introduced the motion to

withdraw, felt that the council have not had enough time to let the news sink in. She said that in effect, all the council is saying is "please change your mind."

Chairman Webber suggested that the council has reacted and has offered some suggestions. Trustee Dr. W. Cuts also wanted to wait. He said that at the emergency meeting between the town and the board, a number of issues had been just skimmed over. Dr. Cuts felt that the board should still work to get the Joint Use Agreement revised nevertheless. He informed the board that he took exception to the mayor who "had the audacity to ask if we were serious about pulling out of Joint Use, when we had passed the motion."

Trustee Don Munro moved that the motion be tabled until the first meeting in May.

Greg Carline won first prize in the craft segment of the Lorne Akins Junior High science fair with his collection of handsome models.

Canadian Puppet Festivals to visit St. Albert

A scene from "Puss-In-Boots" - the hour-long puppet show being presented by the famed Canadian Puppet Festivals at Sir George Simpson School on Saturday. Tickets can be obtained from the St. Albert Library.

Accent on Akins

By Carolyn Seitz

Not much has happened in the last week other than our Science Fair. April 18, Friday, was the day, and the Lorne Akins gym was forcibly closed to all our physical fitness nuts while the mad scientists took over. That afternoon, all we lesser geniuses were allowed to cross the threshold - not to renew our push-ups, but to view that morning's labours. Most of us just gazed, but others, frowning in concen-

tration, had to judge the various stalls. Those finally decided on were: 1st Prize - Cathy Telfer (Hydroponics); 2nd Prize - Shawna Thronson (Crystallography); 3rd Prize - Carla Middleton and Kellie Rose (Micro-organisms in Colonization); 4th Prize - Marie-Louise Sorensen (Inventions of Leonardo da Vinci); Honourable Mention - Harold Brubaker (Optical Illusions).

Some of our winners, went on to greater heights. On the

18 and 19 there was held the 15th annual Edmonton Regional Science Fair at the M.E. Lazerte Composite School. Kathy Telfer entered her Hydroponics project into Category C (Individual Projects Grades 7-9). It consisted of records she had kept over a period of two months on plants she had grown in various solutions, rather than soil, and the plants themselves. Her project was rated second with \$30 prize money. Carla Middleton and Kellie Rose won the Cameron Plaque, a special award offered by the Canadian Institute of Food Science and Technology, and \$25 in cash. They were placed in Category B (Group Projects, Grades 7-9). Their micro-organisms in Colonization project featured the growing of bread moulds in various conditions and their observations as to the results.

These lines have been written to prove that Lorne Akins Junior High School can and does produce winners and to congratulate all the winners.

The St. Albert Public Library is pleased to announce that the Canadian Puppet Festival will be performing in St. Albert on Saturday, May 3 at 10:30 and 2:30 at Sir George Simpson school. This special production which is touring northern Alberta through the co-operation of the Performing Arts Branch and the National Touring Office, will be presented in the Edmonton area only by the St. Albert Public Library.

Canadian Puppet Festivals is the duet of Leo and Dora Velleman who are in the forefront of puppet theatre not only in North America but in Europe as well. With a history in puppet theatre that goes back more than 20 years, the Vellemans have become an institution in puppetry. The concepts of puppet theatre in the round, puppet ballets and the use of abstract shapes were all initiated by the Vellemans.

The Vellemans have performed at Expo 67, on CBS and CBC and at the National Art Centre.

On May 3 they will perform an hour long puppet version of "Puss-in-Boots." Their version is a magical, untraditional version that is sure to hold young and old alike. With strikingly expressive puppets a real fairy tale world is created in which

to tell this old favourite tale. Tickets for "Puss-In-Boots" can be obtained at the St. Albert Public Library any day of the week.

Admission is 75¢ for children and \$1.50 for adults. Plan now to take advantage of this rare opportunity. Plan to see it as a family.

Record numbers register for tennis - some turned away

A record number of 265 persons (120 students and 145 adults) have registered for the tennis lessons which began on Monday of this week. The Tennis Club apologizes to all those students and adults who were unable to get into the classes. The club has a high standard of instructors and does not desire to monopolize all the court time for lessons. Thus it seems that some persons will inevitably be disappointed in not getting into the classes they desire. There are a few spaces left in some adult overflow classes - those interested should phone the recreation department at the Town Hall for further information.

The winner of the Treotren tennis shoes which were donated by the St. Albert Sportshop were Maureen Harris of 3 Sylvan Drive. The winner was picked from the receipts from registration night. Those persons taking lessons are reminded that lessons are rarely cancelled due to wind or cold - but ARE cancelled due to rain or wet courts. If you are in doubt about whether a lesson is on or not please phone your instructor.

At the recent annual general meeting the executive for 1975 were elected and are as follows: President - Frank Carnahan; vice-pres. Clark Warren, Sec. - Jean Green, Treas. Sue Taylor, tournament captains - Angela Miller, and Wayne Boyd, junior coordinator - Dave Kirk, instruction coordinator - Judy Wood.

Lorne Wood, in his out-

going president's report outlined the new developments that occurred last year: the hiring of two instructor-supervisors, the completion of the new clubhouse, hosting the City B tournament and the St. Albert team representing Zone 7 in the Alberta Summer Games in Calgary. Outgoing treasurer Roman Mureika presented his financial statement, Angela Miller the tournament captains report, Al Hoje - junior coordinators report and Judy Wood instruction coordinator's report.

Club members and those wishing to join the club are reminded that club times are

effective as of May 1. The club operates at the Mission courts on Monday, Wednesday and Thursday evenings (6:30 - 9:30 p.m.) and Sunday afternoon (1:30 - 4:30 p.m.).

To join the club come down to the courts at club times or phone treasurer Sue Taylor at 459-7534. The opening tournament for adults is Wednesday, May 14 at 6:45 p.m., and will be a novelty "mixer" tournament so we would like to see all our new members out to that tournament - new members may join at that time. Tuesday mornings (starting May 13) are designated as club ladies morning.

Baseball club seeks players in Morinville

The Morinville Manufacturers baseball club will be launching their 1975 season next Monday evening with a practice at the main Morinville diamond. Starting time is 7 p.m. The team is being coached by George St. Laurent and managed by Frank Vollmer.

According to Mr. St. Laurent, the team management will be looking with interest for any prospective infielder as this area "must be strengthened if Morinville hopes to clinch the pennant for the second consecutive year."

Pitchers are another requisite, particularly in relief," reiterated Mr. St. Laurent. As it is, the Morinville Club will be looking for recruits. All baseball players interested in trying out for the club should come out next Monday and

Wednesday, May 5 and 7 - 7 p.m., in Morinville. Everyone is welcome. Should a player be interested but unable to attend these first two practices, phone George St. Laurent after six at 939-4252 or Frank Vollmer at 939-4166. Another factor which may lead to that league's dis-

solution arises from a 1974 decision by the South Division of the NCA League to withdraw from the two-division concept which had previously included the four Northern Clubs.

The decision to withdraw was arrived at as a consequence of poor communica-

Westlock may enter NCA baseball

The once powerful Northern League, comprising teams from Westlock, Barrhead, Linaaria, and Mayerthorpe will be faced with reorganization problems this spring should Westlock prove to be successful in its bid for acceptance into the N.C.A. Baseball League. Westlock expressed some interest last year for opting into the newly organized N.C.A. League, however no representation was made at that time. This year, however, Westlock has given the league secretary advance notice of its intentions to join the fastest growing baseball league in Northern Alberta. Last season, the NCA League included the Morinville Ma-

nufacturers, Vimy Bleus, Bon Accord, Rochester Lions, Legal Pontiacs and Lamont.

In a personal interview with Charlie Keller, manager of the Westlock Club, it was discovered that the possible dissolution of the Northern League was a result of many factors. First of all, the Barrhead Cardinals, who last year transferred into the Alberta Major Baseball League, are no longer available to provide the high calibre play for which they were known. It is speculated that Linaaria will be lacking the personnel necessary to equal their previous teams of the early seventies. A distance factor prevents Swan Hills from being a likely replacement for the Cardinals.

Minor hockey banquet held at Calahoo

The annual Calahoo Sports Association minor hockey banquet and awards night was held in the Gazebo Saturday, April 19.

For the first time the mothers were interested and the popular night was well attended.

After an excellent supper put on by the Sports Association, master of ceremonies Larry Mitchell congratulated the boys and their coaches for the many hours of enjoyment they provided for their fans.

All of the teams had good records with pee-wees coached by Cliff Fowler winning the league trophy.

SHAVERS

The shavers, youngest team, were coached by Ken Coyes and ended the season with more wins than losses. Nolan Horn was the team's most valuable player and received a trophy for it.

MITES

The mites, coached by Emilie Berube and Willie Zoskie were one of Calahoo's busiest teams having played

over 30 games. Lorne Labonte was the team's most valuable player and Billy Roddick was the most improved. The boys with some help from Sharon and Willie Zoski got together and gave a beautiful engraved clock radio to Mr. Berube. Mrs. Marie Christen also presented Emilie with a bar set for his many hours of coaching.

PEEWEEES HAVE GREAT YEAR

The pee-wees had the most trophies of all the teams, having won just about everything in sight this year. The Calahoo Sports Association presented individual trophies to each of the boys for winning their division.

Tom Fowler, a local hockey supporter presented the Sports Association a plaque with all the boys names on to be permanently placed in the trophy case, outlining their fine season.

Don Fowler was the team's most valuable player and Grant Berube was the top goalie in the league and both received nice trophies for their fine work. Darcy Granger was the team's top

SCORER.

Art Englehart, from the Parkland Minor Hockey Association presented Cliff Fowler with the league trophy for winning the west division championship. Mr. Englehart also presented the Gerald McGinn Drilling trophy to Mr. Fowler for winning the overall league final over Enoch.

BANTAMS

The bantams, coached by Ed Horn picked Bob McGillis as their most valuable player while Norman Majeau was the most improved player on the team.

MIDGETS

For the first time Calahoo had a midget team and it was coached by Frank Bannam. The team did not have a league to play in but managed a number of exhibition games.

Dwayne Granger won the John A. MacDonald trophy for the team's most valuable player and the award was presented by Cactus MacDonald.

The most undated player award went to Perry Kolesar and Ed Keikenfeld was the most improved player.

Mr. Bannam presented a plaque to Mr. Harold Granger for transporting the boys to and from their games.

All coaches were presented with a beautiful glazed beer stein made by Angelina Moellman.

Each player received a crest from the Sports Association.

Gift certificates from the Sports Association, Calahoo Meat Processors and St. Albert Sportshop were awarded.

All persons helping make the hockey season an enjoyable one are to be congratulated.

ST. ALBERT RECREATION REPORT

The St. Albert Safety Council, in co-operation with the Department of Parks and Recreation, is sponsoring the Pedal Pushers program which will be held on May 26, 28 and 30 and June 2, 4 and 6 from 6:30 - 7:30 p.m. each evening.

It will be absolutely impossible to carry out the program without the assistance of parents and in past years too many parents have been reluctant to volunteer their services. This year, the town is being divided into areas served by schools where there are paved parking lots and the parents in each area will "run their own show," appointing an area co-ordinator, looking after registration and ensuring that there are two instructors for every 20 children. The program will not take place in any area where there is not a sufficient number of volunteers to run it efficiently.

On Wednesday, May 7, an organizational meeting will be held at 7:30 p.m., in Leo Nickerson School and parents of all children in grades 1 - 6 who wish their children to participate are urged to attend. A representative of the St. Albert Safety Council will be present to explain what is required and how the program should operate in each area. No previous experience is necessary - the Safety Council will arrange for the distribution of in-

structional material and also instruct the parents on how to conduct the program. The council will also arrange for the registration forms to be distributed in the schools.

With the increasing motor traffic in town and a corresponding increase in the number of children on bicycles, Pedal Pushers is more than ever a vitally important program. But parents must participate. Be sure and attend the meeting on May 7 - and if you can persuade friends without children in the grades specified to come as well, so much the better.

SWIMMING

An advertisement in this issue gives details of the admission fees for the Grosvenor Park Swimming Pool which will open on Saturday, May 17, if everything goes according to schedule.

In the meantime, don't be fooled by the somewhat unseasonal weather - summer is coming and it's time to apply for season tickets for the pool; application forms are available at the Town Hall. Watch out for the schedule which will be appearing shortly showing the times of the public, family, teen and adult sessions. And watch out, too, for an announcement about the Red Cross lessons on all levels for all ages which will be offered.

LOST AND FOUND

Articles found at the arena and outdoor rinks during the winter are now at the arena - scarves, mitts, skates, hockey equipment, etc. etc. If not claimed within the next week, they will be disposed of.

The arena is open from 7:30 a.m. - 4 p.m., Monday through Friday.

LACROSSE

Registrations for the lacrosse program for boys up to the age of 14 years are being taken at the Department of Recreation till Friday, May 2.

The cost is \$5 for boys 10 and under; \$6 for the 11's and 12's and \$7 for the 13's and 14's. The family rate of \$15 covers all categories.

SOFTBALL [LADIES]

Registrations are now being taken for ladies' softball. Anyone interested in playing is asked to phone Vi Oko, 459-8013; Marilyn Wakefield, 459-6385; or Donna Ermantrout, 459-4341.

TENNIS

As usual there was an overwhelming demand for the tennis lessons offered and organized by the St. Albert Tennis Club, in co-operation with the De-

partment of Parks and Recreation, and, as usual, extra classes had to be scheduled.

Each class of students and adults have lessons twice a week for four weeks and it is hoped that they will be all over before the end of May - weather permitting. Till then the hours when the courts on both Mission Avenue and Sunset Boulevard are free are very irregular. This is because of use by the schools under the Joint Use Agreement between the Town and the two school districts, club playing time and the lessons. During school hours there may be times when both sets of courts are being used by the schools. However, after school hours there are always courts free either at Mission or Sunset. Anyone having doubts about their availability should check with the Department of Recreation before going to play.

Street shoes must NEVER be worn on the courts; tennis shoes are the correct footwear.

It may be of consolation to those who were disappointed in not being able to register for the current set of lessons to know that a very well qualified tennis supervisor and instructor will be taking up duty shortly and there is a possibility that further sessions of lessons will be arranged when the present session is over.

FIGURE SKATING

Interest and enthusiasm were shown by those attending the annual meeting of the St. Albert Figure Skating Club held on April 24. Different aspects of the operation of the club were discussed and there was some very healthy and useful exchange of ideas.

The following were elected to the executive for the 1975-76 season; president - Marj Joyal; vice-president - Ev Beeby; sec. - Lorraine Wakefield; treas. - Barbara Freeman; test chairman - Jacquie Malinowski; carnival chairman - Gail Brock; competition chairman - Marie Dutnall; national test chairman - Marilyn Lambourne; ways and means chairman - Hazel Lassiter; publicity chairman - Betty Zdrill; ice chairman - Lorelle Phillips; club pro. liaison - Maureen Dawson and Yvonne McNeil, Rose Pesklewis and Grace Lotocki as members-at-large.

Members of the 1974-75 executive are to be congratulated on a very successful season which involved a great deal of hard work and culminated in the enjoyable carnival "That's Entertainment." The progress made by our young skaters was

very much in evidence.

Orders were taken at the annual meeting for copies of pictures taken at carnival time, of individual skaters as well as of the different "lines." Those who were unable to attend the meeting can order by mailing as soon as possible to Box 22, St. Albert. When ordering state the "line" of which a picture is wanted and/or the name of the skater and enclose \$1 for each print; ordered (cheques should be made payable to "St. Albert Figure Skating Club"). If in doubt about ordering, phone Marj Joyal at 459-8336 before Friday, May 2.

BEAVERS

The 'Beavers' is an organization affiliated with the Boy Scouts of Canada, catering for boys of 5 - 8 years (or Grade 3, whichever happens first) and prepares them for Cubs.

A meeting will be held on Thursday, May 22 in Grandin Clubhouse (beside the swimming pool) at 8 p.m. to discuss the possible expansion of the Beaver program, which got off to a very successful start in one area of St. Albert last year. Although the meeting should be of particular concern to parents, anyone interested is invited to attend. Like so many activities involving our younger citizens, parent participation is a "must."

There will be a slide presentation and an assessment made of the interest and needs in the different districts of town.

BLOCK PARENTS

St. Albert, as a family town, has always been considered a pleasant, safe place in which to bring up children, you can help to keep it that way by becoming a Block Parent.

All that is required is that you offer your home as a "refuge" where children can go when confused, in trouble or needing help. There are no financial obligations - only

a desire to participate in a program which acts as a precautionary measure. A sign in the window indicates to a child in trouble that someone lives there who will help.

Mrs. Kay Romeril at 459-6208 or Constable Jones, RCMP at 459-7721 will be very pleased to give further information about the Block Parent program in St. Albert.

Don't say "It can't happen here," it could.

SQUARE DANCING

The St. Albert Saints and Sinners will be holding their wind-up dance on Saturday, May 3 in their home base, Sir Alexander Mackenzie School. The dance starts at 8 p.m. and there will be door prizes.

Everyone should take this opportunity of having the last fling of the season - including the distinguished class of '74 - '75 who have now graduated.

BASEBALL

The baseball program is getting underway. The services of anyone interested in helping will be very welcome - as statistician, coach, umpire or just helping out. Required immediately is a coach for a bantam team.

ARTS AND CRAFTS

Phone Lois Folkins at 459-7344 for information or to register for the spinning workshop which will be held on Saturday and Sunday, May 10 and 11 from 9 a.m. - 12 noon and from 1 - 4 p.m. on each day. It will be held in Mission Clubhouse, Mission Avenue.

ACCOMMODATION

Officials of organizations wishing to apply for accommodation in order to carry out fall and winter programs are requested to complete application forms now available at the Department of Recreation in the Town Hall and return them as soon as possible.

St. Albert badminton players who represented the North Central Zone at the Provincial High School tournament held Saturday in Calgary brought home the trophy for first place in the eight rural zones. From left are Helgi Eyford, Cathy Medland, Val Green, Cindy Smith and Dean Hunt. Al Musto is missing from the photo. Cathy and Cindy tied for second in their division in girls doubles while Val Green and Al placed second in their mixed division. Four players are from Paul Kane and two from St. Albert High.

APPLICATIONS FOR ALL TICKETS REQUIRED FOR OPENING OF POOL MUST BE RECEIVED AT THE TOWN HALL NO LATER THAN 5 P.M. ON MAY 14.

For further information phone the Department of Parks and Recreation at 459-6601.

Gary Carlson (left) and Russell Thornberry (right) are a pair of avid anglers as well as being owners and partners in the "Fishin' Hole" which is located on St. Anne Street. Gary told the Gazette that he has been a fanatic for fishing all his life and finally got himself a fishing store. Don't let the little store fool you, there is a 'heap' of angling accessories in the place!

Fishin Hole offers complete service

The Fishin' Hole, located at #1 St. Anne Street, can boast it is the only complete angling store in Alberta, according to Gary Carlson, one of the partners in the establishment.

The Fishin' Hole opened for business on March 1st and will be holding grand opening celebrations from

April 30 until May 10. You can register for the free grand prize - a choice of either a New Carbon Graphite or Hardy Split Can Fly Rod.

Gary Carlson and Russell Thornberry are partners in the Fishin' Hole and both have been anglers for the greater part of their lives. Russell says that he has fished from the Gulf of Mexico to the Alaska border and a wall covered with photos testify to his success.

"We're going to keep the quality of the equipment we handle as high as we can," says Gary, "but we're not forgetting about the be-

ginner."

"Our basic idea is no junk," says Russell, "we test everything when we get it in and if it shows to be no good, we won't sell it."

The Fishin' Hole carry complete angling supplies - live bait, fly fishing and rod fishing supplies, rod building supplies, fly tying supplies, custom made rods, and custom fly tying.

"What we don't have in the store," say Russell and Gary, "we'll get in."

Gary Carlson is married and living on a farm west of Stony Plain. In addition to his interest in fishing, Gary plays lead and rhythm guitar for the "Original Caste." He sings also.

Russell Thornberry and his wife Sharleen live in St. Albert. They have one child - Michelle (almost two years old) and another on the way. Russell is a song writer, involved with T.V. production and writes an outdoor sports column in the Edmonton Journal. He is currently finishing up a book entitled "Fishing Jasper National Park," which will be out in June.

Okanagan in for a treat with PITCH & SPICE

The Okanagan is in for a treat May 9 - 11 when St. Albert's Pitch and Spice give a repeat performance of their "Song Fest."

The well known group of exuberant singers and musicians gave their song fest last Friday night in the Roman Catholic Church which was bursting at the seams with friends, music lovers and parents who wished to hear the new format Pitch and Spice offered under the baton of Father Ubaldo Duchesneau. According to a reliable estimate 750 people attended the musical event which was greeted with a great deal of enthusiasm.

This time Pitch and Spice did not sing according to any operatic formula - they chose a racy type of program accompanied with a strong beat to set off songs like "Sweet Gingerbread Man," "Air," a number from "Hair" and the "Battle of New Orleans."

After the interval of the two hour show, Pitch, the senior members of Pitch and Spice, contributed their part of the song fest. Naturally they had a rounder more mature sound than their younger counterparts in Spice and memorable numbers

were "God Loves Rock and Roll" with a fine solo on the trumpet from Mike Byl. Susan Schuchard impressed most with her rendering of "You are the Sunshine of my Life," while there were always plenty of visual surprises as Pitch and Spice visual technicians flashed slides above the heads of the singers to add a touch of mystery.

Near the end of the show, Father Duchesneau thanked all those who had made the

Okanagan trip possible. One reason why it is possible is that only 100 bars of chocolate were left after a 4,680 chocolate bar blitz on St. Albert and the proceeds from this will help finance the tour.

Needless to say, after the last number "Dueling Banjo," arranged by Mrs. Frances Schuchard, warm applause filled the church.

A special word must go to Michael Morris, chairman of the Adult Committee for helping emcee the show.

SUSAN SCHUCHARD (centre) sings "You Are the Sunshine of My Life," before a packed audience at the St. Albert Roman Catholic Church last Friday night. Father Ubaldo Duchesneau (left) conducts the number with good support from PITCH and SPICE at the song fest.

Retarded children need your help

On Wednesday, May 7, the Edmonton Association for Retarded Children will conduct its annual afternoon and evening Blitz canvass in St. Albert. Morinville and Legal. Proceeds will go to the Winnifred Stewart School for Retarded Children for the expansion of recreational, residential and other facilities. Some of the proceeds

will also be used to defray operating expenses.

The door-to-door canvass for tax-deductible donations will be further supported by a direct-mail appeal to the business community.

In setting their objective at \$100,000 the Association points out that they are not a member of the United Way Fund because their operating and developmental costs exceed the amount available from the United Way.

The Association also pointed out that they are financially responsible for the capital costs of facilities for the Winnifred Stewart School. They are also responsible for 20 percent of the estimated one million dollar operational costs of the school.

The Winnifred Stewart School for Retarded Children serves 428 children between the ages of 3 and 18 from the Edmonton area and northern Alberta. The fully-qualified staff of 69 teachers provides academic, physical, social and vocational instruction to help students reach their highest potential. Operating its own door-to-door bus service, the non-sectarian school charges no tuition fees to parents.

Area co-ordinators for the Blitz are members of the Active 20 - 30 Club.

Provincial and civic permission to conduct the canvass has, of course, been granted to the Association.

The fourth annual session of the Alberta Girls' Parliament was held in Edmonton at the Alberta School for the Deaf, April 1 to April 4, 1975. One afternoon was spent touring the Alberta Legislature.

This year, Mrs. Ralph Steinhauer acted as the Lieutenant Governor. Miss Anne Crawford of Edmonton was Premier and Miss Delridge Wilks of Calgary was Leader of the Opposition. Mrs. L. J. Alexander of Calgary acted as Chairman of the Parliamentary Committee and Miss Dena Browning of Rocky Mountain House was Speaker of the House.

Invitations were accepted by the Canadian Girls in Training and the 4H Clubs of Alberta and two representatives from each group were in attendance.

The Alberta Girls' Parliament was formed in 1971. It was first announced by a Proclamation read in the Legislature by Mrs. Ethel Wilson, Minister without Portfolio, on April 16, 1971. It is sponsored by the Girl Guides of Canada, Alberta Council.

The Alberta Girls' Parliament is an extension of the existing Ranger and Cadet program.

The objectives of the

Girls parliament holds 4th session

are:

- To encourage girls to seek out the challenge of citizenship participation through leadership training and service.

- To bring together representative members of Rangers and Cadets to stimulate co-operative methods of promoting and improving Ranger and Cadet programs.

- To train members in the Arts of logical thoughts and self-expression.

- To educate members in

the process of parliament and responsibilities of citizenship.

- To aid in the development and training of leaders in charge of the Ranger and Cadet program.

Local girls representing the Tamarac Area were Ellen Teller of St. Albert and Glenda Thrussell of Stony Plain who were members of the party in power and Cathy Boag of Onaway and Val Kelly of St. Albert, both opposition members.

R DO YOU HAVE ENOUGH ENERGY?
Although the world is experiencing an energy crisis and it has imposed difficulties in the way most of us lead our everyday lives, there are still a few areas where energy should be plentiful. Do you wake up each morning with that personal "get-up and go..." "I'm ready to face the day?" Or, do you feel tired out before you start?

Sometimes, a lack of energy can possibly be due to certain deficiencies in your system. Your physician can usually determine what it is and recommend a vitamin preparation or tonic to help you overcome it. We always have on hand a very large supply of these products.

YOU OR YOUR DOCTOR CAN PHONE US.
A great many people rely on us for their health needs.

PSS Board to extend meals for Seniors

The St. Albert Preventive Social Services Board met at the firehall on Wednesday, April 16. Dr. N. Norbert presented the board with a revised Meals-on-Wheels budget, and an update of services offered by Meals on Wheels.

The budget estimate totalled \$2,945, with revenues estimated for meals payments at \$910.00, leaving a

total deficit of \$2,035. Largest item of expenditure is for meals which is estimated at \$1,820 on the basis of five meals per day plus the new service being suggested of 10 meals one day per week at the Seniors Recreation Centre. Trays and containers are estimated at \$650, printing, stationery and advertising, \$250, travel and conferences, \$200 and miscellaneous costs \$25.00.

Census conducted by the town in June 1974 showed

the over 65 population at 373, of which 150 are residents at Youville Home.

One of the key points covered in the updated program involves the Senior Citizens Centre. On a one day a week basis, Meals-on-Wheels volunteers will bring 10 meals to the Senior Citizens Centre. The volunteers will also assist transporting the senior citizens to the centre for the noon meal. After the meal there will be an entertainment, informa-

tion, or social activity. The Meals-on-Wheels volunteers will return to assist with the transportation of the senior citizens to their homes.

RECREATION COMPLEX SITE CRITICIZED

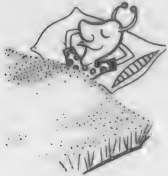

The proposed recreation complex came up for discussion by board members. Mr. C. Ford, chairman, noted that although various groups had been contacted for input, P.S.S. members

had not been approached for their views. The general feeling among the board members was that the Oblate site, located on the edge of the town, is not within walking distance for most residential areas and does not, therefore, serve the needs of the community. Mrs. Joan Gaunce remarked that if the complex is built on that site, the expense of a second family car would be necessary to make use of the facilities. One member was perturbed at the size of the complex and the affect it would have on the quality of life. The board members were concerned at the safety factor of the Oblate site, expressing the fear that the location on a major highway constitutes a hazard. It was

moved that the board make known its views to the Town Council.

BOARD MEMBERSHIP

Mr. Brian Minelli reported for the nominating committee and the following board members will serve as liaison personnel for various P.S.S. projects: Help Society - Joan Gaunce; Day Care Society-Committee for Day Care, Kel Townend, Joan Gaunce and Janet Dahr; Youth Services - Brian Minelli; Senior Citizens (Council's Representative), Myrna Fyfe; Handicapped Services, Kel Townend; Public Relations - Library and Recreation Boards, Colin Ford; Family Education - Family Services, Janet Dahr.

Snug as a bug?

Probably not yet, if you've just moved in.

Perhaps your Welcome Wagon hostess can help to ease the confusion.

Kiwanis Club launched

Fifteen local businessmen and professional men were in attendance when the new Kiwanis Club of St. Albert was organized officially on April 16 at a dinner meeting held in St. Albert Inn. Final steps in the club's organization were organized by S. Berry, field representative of Kiwanis International, and Larry Birbeck explained the functions of various officers, methods of administering the club and carrying out community service programs.

Allen McQueen was named president of the club and

officers are Rick Whitehouse, Terry McKinrick and Ray Theberge. Named to the Board of Directors were Bernie Bryden, John Malcolm and Jim Tiger.

The St. Albert club is sponsored by the Kiwanis Club of Edmonton Oil Capital and Chairman Bill Johnston of the sponsoring committee was in attendance. A charter night will be held late in May. Weekly meetings will be held Wednesday at 6 p.m. in St. Albert Inn.

The newly formed Kiwanis Club of St. Albert is one of

6,400 such groups which are located in 47 countries of the free world. The total Kiwanis membership is 280,000.

Purpose of Kiwanis is "service to youth, community, and nation." Its motto is We Build.

Specifically, Kiwanis clubs meet weekly for fellowship, inspirational programs, and summary reports of club activities. Their service work, which is accomplished in eight major fields such as boys and girls work, support of churches in their spiritual aims, agriculture and conservation, etc., is carried on by committees. Most of the committee work is done in the evening or on Saturdays.

Kiwanis is an integral part of the service club movement which has been called a phenomenon of the 20th century, and a major contribution of the United States and Canada to the culture of the western world.

Scorpions receive awards at Calahoo banquet

By Liz McLeod

That great day finally arrived when there was a Saturday evening free to hold the wind-up banquet and dance to honour this great Calahoo team, the men's Scorpion hockey team, who, while not winning all, did great just the same, and area great just the same, and are a credit to their community so April 26th was the evening to enjoy such delicious food prepared and served by the Sports Association ladies.

After everyone thoroughly enjoyed the meal and who came back for seconds, it was time for the best master of ceremonies, Larry Mitchell to begin his never to be forgotten words of wisdom, humour and great praise for each of the players, as only Larry can put it, right on the line.

He congratulated the Calahoo Scorpions and the Oldtimers on their hockey prowess, and called up Tony Maniwa of the Sturgeon Recreation Board to present Viny Hotel trophy to our winning goaltenders, Wally Wenczek and Bruce MacMillan saying it should be called the Calahoo trophy because Calahoo has won it four years in a row.

Then there was the defencemen and Felix (Stub) Berube was asked to come forward and he was presented with a uniquely different and very wonderful beer mug as were all the players. Pete

Turner had a last minute order to fill so couldn't be present for his presentation. Carrying on, Bill Woloshyn, Elwood (Woody) Trueman and Captain Roger Berube in turn came forward and received a mug.

After a cute story about the forwards, Emile Berube and Wilfred (Greasegun) Berube followed by great goalkeepers, Jack Wozney and Mark Contant, top scorers and second in line (Gerlad) Jay McGeough.

Then (Crocket) David Quintal, Jim Gosset, Gary Acheson, Brian Ferguson, Don and Dale MacMillan all receiving mugs also.

The next two locals who were highly praised, that came forward were Blackie Quintal and Gerald (Cactus) MacDonald and here on behalf of all the players and fans Armand (Blackie) was given a large covered beer stein in appreciation for all he does.

At this point Blackie was praising all his players for their co-operation and vowed next year all the teams will be winners.

Mark Contant again came forward to receive the Recreation Department trophy for the league's top scorer in 1974-75. In the three preceding years Darcy Brisson, Andre Contant and Jack Contant were the winners of this trophy.

Hector Berube was asked to come forward to present

the Edward Berube Memorial trophy to the most valuable player which in 1973 was won by Roger Berube, 1974 by Gary Acheson and 1975 by none other than Jay McGeough of Calahoo.

And for all their help with this team, Bruce and Henriette (Sklenny) York were highly praised and given a resounding ovation.

George and Mary Rothweiller were welcomed home.

Harold and Audrey Granger also got a round of applause in appreciation for all their efforts and sportsmanship.

Brenda Coyes stepped forward and presented Larry Mitchell with a large covered beer stein in appreciation for his tireless efforts as well as his wife Lorraine and Blackie who added his thanks also and after each time he added a God Bless you or them.

This correspondent thanks Larry for his kind words of praise for her reporting and for all the nice compliments received and ovation resulting. It's a joy to be of service.

OLDTIMERS

The Calahoo Oldtimers team, the over 30's, who play against the under 30's were next in line for praise and Eric Quintal of the under 30's presented Hubert (Schmo) Quintal of the over 30's with

a trophy and this will become an annual event, these two teams having a series and in the three games played the scores were 5-2, 6-5 and 7-5 with oldtimers winning.

These are the players all called out to take a bow: Moe Berube, Perry Kolesar (goal) John Gagnon, Don Watson, Schmo Quintal, Sam Quintal, Eric Quintal, Pug Quintal, Marvin Perrot, Larry Perrot, Frank Bannom, Cactus MacDonald, Hector Berube, Ken Coyes, Joe Schafers, Lorne Dakes, Al Christen, Cliff Fowler, Richard Finnigan, Buddy Letendre, Paul Kolesar, Roly Majeau and Ed Kachowski.

Schmo stayed on the platform to do the pleasant chore of presenting David Quintal with a hockey stick with a puck stuck to it, because he never loses the puck, and this was donated by the regular Oldtimer's team.

All the coaches of the rest of Calahoo's hockey teams were acknowledged and thanked for their great efforts in helping the smaller boys too.

Up to this point the evening was very rewarding, full of fun and you could just feel the love and respect everyone had for the players who were honoured this evening and 'was all made possible by the Calahoo Sports Association and at the

open dance which followed to the lively good music of Louis and Natalie D'Hoedt a truly wonderful evening was spent. With so many newcomers in the district now, it's nice to meet and visit with them also and one visitor said he had to come 900 miles to have a good time.

Mrs. Grant (Angeline) Moellman was thanked and praised for the fine job she

made of these mugs and steins that were presented to the hockey players. Angie felt honoured to be asked to make them and did a perfect job.

Let's not forget Saturday, May 3 when all roads lead to Calahoo and the super-dance and car raffle. Folks wanting to attend the dance later can pay an admission fee and join in.

NOTICE

In order to give our members extended service, we the Board of Directors of Legal Savings and Credit Union Ltd., have adopted the following policy that effective May 1st, 1975, our office will remain open for service to the public from Monday to Saturday from 9 a.m. to 5 p.m. We sincerely hope that you as members will take advantage of this extra day of service and may we at this time thank you for the loyal support you have given us in the past.

Mr. Cartwright (engineer from the Field Service Building Branch) talked to council on uniform building standards. This branch offers assistance to municipalities.

The first reading by Bylaw #575 was read. This is to establish the rates for sewer service charges.

Council was approached with a proposal for an eight

suite apartment with offices on the main floor.

It was agreed by council to abide by the present agreement and regulations of Recreation Council, until a new proposal is drawn up.

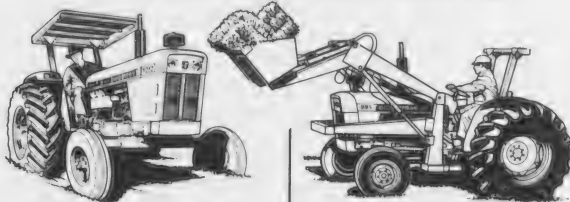

Operation of a retail outlet for carpets on lot 2 block 1 plan V111B was approved.

Bylaw #475 will receive final reading at the next meeting. This will ban the riding of horses in the town.

Calahoo WI hears talk on Growing Things

By Liz McLeod
The 160th meeting of Calahoo Women's Institute was held in Mrs. D. A. Douglas's home on Tuesday, April 22 with 15 members and two visitors, Lillian Lischewski and Daisy Gooding present.

Secretary Emma Dalheim and Isabel Wheatley were both home with the flu that evening.

Mrs. J. Shenfield was our very capable acting secretary and also was being congratulated on becoming a grandmother the day before.

The usual order of the meeting was followed and a letter read from our Constituents convening Mrs. A. C. Krutzinger telling us about the conference to be held on

May 7 in Spruce Grove Elks Hall. The noon meal will cost \$2.50 each and monies should be sent in soon.

New members, Mrs. G. Berry was asked if she would be delegate for this conference and graciously accepted.

Stephanie Shenfield was elected a delegate for the June 9-12 provincial convention in Olds.

At least seven members from Calahoo plan to attend on May 7 and at least four members plan on going to Olds for the provincial.

Mrs. J. Anna Carty thanked the members for the gift she received while in hospital recently.

There was talk of making a friendship quilt and all were in favour.

A draw was made for the Federated Women's Institute's anniversary plate that was taking up room in the secretary's satchel, and Stephanie Shenfield was the lucky gal.

Another meeting with Dick Huber of Intercollegiate Press will be arranged and hopefully a contract signed to get the Calahoo history to the press.

Margaret Douglas showed a doll which can be made from a pattern thinking it a good item for a business. Aline Roddick won the door prize that was brought by Margaret Douglas.

Roll call was an exchange of flower seeds in keeping with our topic of Growing Things which a fine neighbour and newcomer to the district, Mr. Harry Gooding,

used as his topic, when addressing Calahoo WI.

Mr. Gooding, a retired gardener, told us it's worth the effort to build a hot house because it's well worth the cost since you can extend gardening by two or three months and can save a lot on the food bill. He wishes each household could purchase a Theresa Bugnet Rose and make this the rose garden of Alberta.

The basic thing is putting plants in their proper place. The bigger the leaf the farther away from the house it should be.

Harry feels that every garden should have a corner of perennials such as chives, asparagus, rhubarb etc., and you should put back garden manure and humus into the soil.

One caution in gardening: Don't plant anymore than your wife can handle.

When you are starting seeds in the house, make sure you sterilize the soil by bringing it up to 180 degrees and leaving it in the oven for 30 minutes.

A good soil should have sand mixed in for drainage and peat soil mixed to hold moisture.

A good question period followed and then our guests joined Myles, Vic, John and Eddy Douglas back in the kitchen for lunch and all enjoyed a visit.

Members sang happy birthday to Emmelia Schimmermund. Members note the May meeting will be at Mrs. P. McLeod's home instead of Mrs. V. Albrecht's as originally planned.

Report From Bon Accord

By Sadie Allen
Ladies of the Bon Accord ICW will be guests of Mrs. Black at the United Church manse on May 7 for their May meeting. Anyone wishing to go should be at the United Church at 1:30 sharp for transport to Namau.

Bingo jackpot for Sunday, May 4 is \$300, in 56 numbers. Time - 7:30 p.m. SHARP. Winner of the

bonanza bingo was Catherine Johnston of Fort Saskatchewan. The jackpot consolation was shared by Bonnie McBride and Joanne Bokenfohr.

A heartfelt thank you is extended to Mrs. Marion Nicholson from the mothers of the Bon Accord dancing classes for the many hours devoted to their children during the past season and

for the time and hard work which made the culmination exercises at Camilla School so successful. Dancing classes will resume in the fall.

Congratulations and many happy returns to Marjorie Bland on the occasion of her 70th birthday on May 1.

HOUSES GOING UP

Springbrook subdivision in the northwest part of Bon Accord is undergoing a transformation with houses springing up like mushrooms. Nine homes are up and 12 more basements have been poured. Sewer and water lines are in, but not yet connected to the village system.

The basement of the Bon Accord Community Centre was beautifully decorated for a bridal shower in honour of Miss Fae Strawson whose marriage to Mr. Roland Caillou takes place at Holy Trinity Anglican Church on May 3, with the reception in the Bon Accord Community Hall. Fae received many beautiful gifts and a multi-

tude of good wishes from friends and neighbours. Assisting with the opening of the gifts were Miss Cathie Marak and Miss Chris Joslyn.

KINDERGARTEN

The committee for Kindergarten 75/76 met with last year's committee on April 24. Executive for this year are: chairman, June Serediak; sec. - Margaret Romanowski; roster com. - Gail Burnham and Karen Germaine; field trip chairman - Cathie Hill; assistants - Karen Haddon and Rosemary Sharp. A meeting for moms and dads of kindergarten children will be held before the end of the school term when registration will take place.

SENIORS MEET

Senior citizens will meet in the Bon Accord Community Centre on Tuesday, May 13 at 2 p.m. for a social afternoon. All seniors are cordially invited to attend. A whist party will be held with games to start at 2:30 sharp.

Prefontaines celebrate 50th

By Lucienne Montpetit

At a recent celebration in St. Emile's Church at Legal Mr. and Mrs. Leon Prefontaine renewed their marriage vows on their 50th wedding anniversary, and exchanged rings (gift from their children) at a mass concelebrated by Father Edouard Rheaume OMI and Father Camille Dozois. Father Rheaume gave a very touching and appropriate homily.

Grandsons Emile Larose and George Van de Walle were altar boys. The epistle was read by grand-daughter Cecile Cuku. Charlotte Prefontaine (grand-daughter) and Donald Roy (grandson) were ringbearers. Sister Aureore Blanchette had decorated the church beautifully for the occasion.

Ushering the guests were Norman Roy and Richard Van de Walle (grandsons).

The couples children and grandchildren sang mass with Sister Germaine Cote at the organ. They sang the same hymn that was sung at their wedding and has been sung at all their children's and grandchildren's weddings.

When the couple came out of church it reminded them of 50 years ago. There was a surrey with the fringe on top, waiting to drive them through the streets of the village, then to the hall. The surrey was pulled by a team

of Belgium mares with complete brass studded harness with drops and scotch tops. The team was driven by their son Remi. Remi and his wife Lynne put in many hours of work to restore the surrey and polish the harnesses.

Some 225 guests were present at the banquet and dance. Ben Van de Walle (grandson) was master of ceremonies and called upon Father Dozois to say Grace. Seated at the head table was the honoured couple and their six children. The table was centred by a lovely wedding cake and a milk wagon which brought back many memories because the couple had the dairy in Legal from 1929 - 1947.

During the dinner their daughter Lucienne Montpetit entertained with an appropriate song accompanied by Richard Van de Walle on guitar.

Father Bissonnette congratulated them on their golden jubilee and presented them with an engraved and framed Papal Blessing. Grandson Henry Roy proposed a golden wedding toast.

M.C. Ben gave a humorous and interesting account of the couple recalling amusing anecdotes. He also pointed out that April 14 was a very memorable date for them. Grandpa arrived in Beaumont from Quebec on April 14, 1912, he married

grandma on April 14, 1925, their daughter Antoinette was married to Wilfred Larose April 14, 1947, Richard Van de Walle was born on April 14, 1957, they had their auction sale on April 14, 1973, and they retired at the Chateau Sturgeon also on April 14, 1973. Ben ended on a serious vein and said that we are all here today to pay tribute to a couple that is very dear to us all, and who have always lived and exemplified us with the highest moral principles, may God continue to grant them health and happiness.

Simone Demers and Rita Larose (grand-daughters) read the congratulatory messages received from Prime Minister Trudeau, Lt. Governor of the Province of Alberta Ralph Steinhauer, Premier Peter Lougheed, Peter Elzinga MP for Pembina, MLA Ernie Jamison, Bishop Raymond Roy from St. Paul, Mayor Joseph Nault, Governor General Esmond Butler. They also received a number of telegrams, one who pleased them tremendously was from their grandson Lucien Larose of Australia.

Leon Prefontaine Jr. and Gerald Montpetit presented their grandparents with a family tree made by Simone Demers and a ceramic plaque with the invitation card made by Madeleine St. Jean.

Petite Chantal St. Jean (only great grandchild) presented her great grandparents with a long stem rose.

Walter Van de Walle brought greetings from the MD of Sturgeon. He also mentioned that Mr. and Mrs. Prefontaine have been active members of the community. Leon he said was on the school board on the village council and the Credit Union for a good number of years. His hobby was "going to auction sales." His good wife he said was an active member of MFC she is a very good seamstress, enjoys music and has many hobbies and enjoys crafts.

Margo Montpetit (grand-daughter) said the Thanks-giving Prayer. Madeleine St. Jean the oldest granddaughter read a very touching address bringing out their history.

Leon Prefontaine was born on March 24, 1896 in Beloeil P.Q., in a family of 14 children. He was the son of Octave Prefontaine Sr. who came to Beaumont, Alberta in 1912. In 1916 the family moved on a farm, four miles east of Legal.

Mr. and Mrs. Leon Prefontaine recaptured the high fashion of a bygone era on their Golden Wedding Day, when they drove through the Village of Legal in an elegant surrey, drawn by a beautifully matched team of Belgium mares.

He married the former Marguerite Coulombe in 1925, Marguerite was the daughter of Mr. and Mrs. Delphis Coulombe. She was born on a farm in the Legal district on October 8, 1903, the fifth child in a family of six. They were married by the late Father Emile Coulombe (brother).

The young couple settled on a farm till 1929 when they moved in the big house behind the hotel where they raised their family of six children. Mrs. Roland (Claire) Demers, Mrs. Wilfred (Antoinette) Larose, Mrs. Walter (Fernande) Van de Walle, Mrs. Jean-Paul (Madeleine) Roy, St. Albert; Mrs. Lucien (Lucienne) Montpetit and Remi all from Legal. The family numbers 20 grandchildren and one great grandchild, whom were all present for the celebration with the exception of Lucien Larose teaching in Australia.

The couple farmed in the district till their retirement in 1973, and are now residents at the Chateau Sturgeon.

Following the gracious reply of Mr. and Mrs. Prefontaine everyone was gathered upstairs for the evening of dancing. Ben

recognized the leader of the Starlite band, Mr. Don Boisvert a former resident of Legal and how happy we are to see him back to provide lively entertainment. He also recognized Mayor Joseph Nault and his wife, MLA Ernie Jamison and his wife, and MP Peter Elzinga and his wife.

Ben then called upon Pat Montpetit to sing her grandparents favorite song "Souvenir d'un Vieillard" with

mother Lucienne at the organ.

The capable master of ceremonies called on the newlyweds of 50 years to come in front of the stage, then he called on each of their children to come and stand beside them with their families while all present joined in warm applause and many pictures were taken.

A delicious lunch and dancing concluded the delightful celebration.

Awards presented at hockey banquet in Morinville

By Marg Bentz

Four hundred people attended the 1975 minor hockey banquet, held on April 23, which was sponsored by the Central Sturgeon Agricultural Society.

Master of ceremonies was Gib Boddez, who was accompanied by his wife Lil. Other head table guests were: Lisle Kivell (president of Central Sturgeon Agricultural Society) and his wife Edith; Rene Maurier (president of Sturgeon Minor Hockey Association) and his wife Anita; Maurice Van Brabant (juvenile coach) and

his wife Evelyn. Other officers of Central Sturgeon Agricultural Society are: Ross Quinn and Ed Kryskow (vice-presidents); Marilyn Rogers (secretary) and Shelly Parko (treasurer). The 10 directors are: Eugene Geoffroy, Mary Hittinger, Howard Lamb, Mike Pelletier, Dave Pezer, Doug Ramer, Tom Richardson, Bob Ringrose, Jean Robinson and Frank Volmer.

Maurice Van Brabant gave a small talk on the origination of the Dave Kryskow trophy; which is annually

awarded to each team's most valuable player.

Lisle Kivell informed the assembly that the artificial ice plant has cost some \$90,000. He thanked the young people, who through their efforts in the skate-athon, raised \$1,600 toward this debt. Lisle reminded us that from now on we will enjoy earlier and longer use of our fine facility.

May we join M.C. Gib Boddez and the boys in thanking the Agricultural Society, the mothers and the ladies who prepared and

served the fine banquet.

TROPHY WINNERS

SHAYER B

Dave Kryskow trophy - Glen Witter. Shaver trophies: Joel Chevelier, Kevin Lalonde, Gerry Lalonde, Todd Pezer, Darren Pezer, Riel St. Lawrence, Ray Lee, Greg Kluthe, Darcy Wood, Chris Lurger, Len Besier, Shawn Barilla, Leslie Goebel, Len Gibeault. Coach: Jim Wood, Assistant Bob Bijou.

LEGAL LOCALS

By Lucienne Montpetit

The Edmonton Association for Retarded Children are planning their annual canvass on May 7, to raise money for maintaining and increasing recreational residential facilities. They anticipate your support.

Les Femmes Chretiennes will hold a Mother's Day social evening for the members and their husbands, on May 5, at the Rec. Centre at 8 p.m. Come and have a good time.

The brownies will have a Mother's Day bazaar on May 10 at the Rec. Centre from 2 - 4 p.m. The brownies will be happy to serve you tea,

coffee and cookies. The proceeds are for the Mother's Local.

Congratulations to Miss Mariette Tremblay who won the title of "Mlle Cabane a Sucre" at the sugaring of party held at the Sales Pavilion last Saturday. Miss Tremblay is a teacher in our school and we are very proud that she won the competition.

Effective May 1, the 'Legal Savings and Credit Union will be open from Monday to Saturday from 9 a.m. - 5 p.m.

The M.F.C. ladies would like to thank all those who donated food for the bake

sale or helped in any way to make it successful. Special thanks to the Co-op Management and staff for allowing us to have the bake sale there. The winner of the first prize was Mrs. Lutz and Raoul Boisvert won the second prize.

Doris Auger and George Bowens were the guests of honour at a social evening last Saturday. Some 200 guests enjoyed dancing to the swinging music of "Prad." George and Doris will exchange marriage vows on June 7.

Future looks rosy if MD developments reach light of day

The future looks rosy for job opportunities and a greater flow of dollars into the coffers of the MD of Sturgeon with new developments in the area.

At its executive and development meeting April 24 the MD gave the nod to a plant for Alberta Food Products at the northern portion of river lots 18 and 20 when it gave third reading to a bylaw reclassifying the general plan or the area from light industrial reserve to light industrial.

But the biggest shot in the arm for the MD could come if an \$18 million machine and industrial manufacturing plant locates not far from the Alberta Food Products plant at the northern half of riverlots 14 and 16. Apart from guaranteeing jobs for 150 - 200 people, the plant will also pour an extra \$180,000 a year into the MD's operation.

The MD had little hesitation in suggesting to two representatives for the de-

veloping company, New York based Black Clawson and Kennedy that the development should be encouraged and the land needed would be rezoned at the end of May. Glen Lavold and Garry Campbell of Hilldale Developments Edmonton represented the client company.

Minuses for the MD are increases of expenditure because the new development will mean the upgrading of access roads to the development area and there may have to be a public meeting to assess the effects of an electric induction furnace on the environment if the manufacturing plant gets fired up.

Mr. Lavold was anxious to get on the site by July, have it closed by next fall and functioning by next year.

The MD is expected to discuss the development with Fort Saskatchewan council and MD staff will soon be preparing documentation for a change of zoning.

The Benefactors

You and Calgary Power.

You help us pay for a part of our operating expenses. We provide you with power . . . and return some of your money. Most of it, as a matter of fact. We put it right back into your province — your community.

Take labor, for example. In 1974, we employed over 1500 Albertans. That means over \$20 million in salaries went directly into the community.

We paid more than \$4 million in property and business taxes, water rentals and coal royalties. We paid dividends to our shareholders — 98% of whom are Canadians.

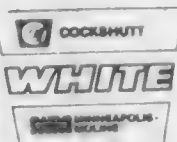

We pay federal and provincial income tax. Calgary Power customers are refunded 95 percent of the federal income tax — 100 percent of the provincial income tax. And as a Calgary Power customer, you see this return as a Provincial discount on your electricity bill.

Two benefactors — two beneficiaries.

You and Calgary Power. A powerful combination.

Cunningham school changes hands for \$1.00

A recent decision by the provincial School Buildings Branch to approve the proposed Naino High School with an interesting proviso provoked lively discussion April 24 at the executive and development meeting of the MD of Sturgeon.

School trustee Harold Paul of Sturgeon School Division #24 told the MD that the division had been given approval to build the high

school, but with one important condition, the disposal of the Cunningham School.

The disposal of the school was seen as a move by the Buildings Branch not to incur the expense of another school while another remained empty, and also after recent approval for another school to be built in Morinville.

Mr. Paul put the ball fairly and squarely in the MD of Sturgeon's court by pre-

sending it with the proposal from the school division that it accept the ownership of the Cunningham school.

"There's no point in me making a big thing out of this," said Mr. Paul, "we've got to get rid of it (the Cunningham School)."

He added that he hoped (the parties) could take the attitude that they could trust each other.

Reeve of the MD Bill Flynn resolution of the problem by accepting a "deal for a

dollar" to transfer the school from one authority to another, the dollar being charged to the MD.

With the school under MD jurisdiction it will be maintained for recreation purposes for the people of Sturgeon following a request for this from the provincial government.

Mr. Paul had earlier suggested that he would like to see the school transferred to the MD "today" because decisions had to be made on

the high school's location, choosing the architect and going to tender by December.

A site for the new high school has yet to be chosen

by the school division and questions like how much land has to be purchased, getting the land titles and developing a plan have yet to be finalized.

MD development briefs

Following are some of the highlights from the executive and development meeting of the MD of Sturgeon #90, April 24. Reeve of the MD Bill Flynn was in the chair, also, representing the Sturgeon School Division #24 Harold Paul. Other MD officials at the meeting were Walter Van de Walle, Glenn Berry, Hubert Lamoureux, Lawrence Kluthe, Alphonse Nobert, Gary Brownlee, Walter Jerram and Clay Crozier.

"WE'VE JUST shaped it up and straightened out areas," commented chairman of the Public Works Committee Walter Van de Walle after the meeting during which restructuring of the Department of Public Works took place.

Robert Stack heads the department as superintendent. Alf Mabbuit is the road construction foreman. Don Hood, road oiling foreman, Alphonse Champagne is in charge of road maintenance

and the service foreman is Richard Keyser.

THE MD lifted the road bans from gravel roads and also Highway 2A. They had been in effect since April 14.

TWO GRAVEL OPERATIONS near Villeneuve have been designated as land reclamation areas following instructions from the Department of the Environment. The department is expected to police the reclamation; one MD councillor pointed out that the new Minister of the Environment is a former landscape architect.

IN HIS REPORT from the Edmonton Regional Planning Commission Lawrence Kluthe asked the MD if there were any study priorities it wanted to put before the Commission.

It was indicated that the Northwest Industrial outline plan will be completed by June 1 and a review of the MD's general plan can also be expected.

IN FUTURE members of the MD council who attend conventions will do so on the basis of committee recommendations to council. It is felt that individual councillors can approach committees more easily on this point than they can the whole council, as Councillor Clay Crozier indicated.

Councillor Walter Van de Walle pointed out that attending conventions is one way of making the presence of the

MD of Sturgeon felt. He also suggested that councillors attending such functions should hand in a written report of the convention highlights.

Attending one day conventions will not need a resolution of council it was decided but "two to three day excursions are a different matter," pointed out Coun. Kluthe.

CONCERNING THE DE-

VELOPMENT of the joint sewage system at the Villeneuve Airport and the hamlet the development council decided that secretary-treasurer Alphonse Nobert and development officer Gary Brownlee be designated to speak with the ministry of transport on this matter. And from time to time the required committee would steer the joint sewage system's future progress.

START YOUR BACKYARD GROWING AND FIGHT INFLATION AT THE SAME TIME.

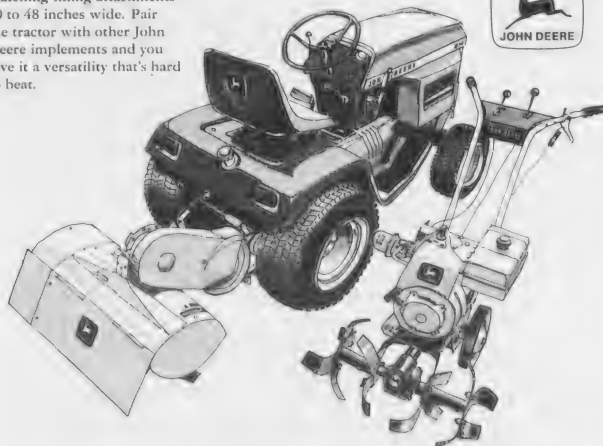

Growing your own vegetables means you can save dollars on your yearly food bill. But it can also cut into your leisure time with a lot of extra work. And that's where John Deere gardening equipment can lighten your growing pains.

If you're planting a lot, a John Deere Lawn and Garden Tractor gives you all the work capacity you need. Choose from six models. From 8 to 19.9 h.p. with matching tilling attachments 30 to 48 inches wide. Pair the tractor with other John Deere implements and you give it a versatility that's hard to beat.

Then if you're planting a little less, you'll be interested in a John Deere Rotary Tiller. Available in 3½ or 6 h.p. size, it'll work your soil to the desired depth in tilling widths of 13 to 24 inches. And this width may be extended to a full 34 inches with optional extension tines.

So whatever suits your growing needs best — a John Deere Lawn and Garden Tractor or Rotary Tiller —

they're both built with quality and reliability that's become a tradition. A tradition backed by John Deere dealers all across Canada who offer what you would expect from John Deere: expert service, outstanding parts availability, and convenient financing. That's why people say, "Nothing runs like a Deere".

Gibbons News

By Shirley Steinswand

There are three prizes drawn during Sno Ball '75, which have not been won. If any of the potential winners are yours, please claim your prize at the village office.

Numbers off buttons are: #1985 - #2167 and #2161.

If the prizes are not claimed by May 15, 1975 at the Village Office, the prizes will be used at the school grand opening.

A reminder of the tea and plant sale to be held at the Sunday School on May 24.

THE LAST ROUND-UP

Gibbons Senior Citizens

Gibbons 4H sewing club

By Suzie Theroux
The Gibbons 4H Sew and Sews (sewing club) held their last meeting on April 7, 7:30 p.m., at Leona Petherbridge's home. They decided to go out for supper and an afternoon of swimming for their year-end outing on April 13. The meeting was adjourned and lunch was served.

On April 12 the Gibbons 4H Sew and Sews held their Achievement Day. The trophies that were awarded were as follows: Public Speaking - first - Diane Demers; second - Annette

A regular meeting was held April 24 in the Legion Hut. Many of our members have now returned from spending the winter in warmer climates.

Edith and George Carleton, who also brought Ethel Nielson, all from Bon Accord and Gordon Spence were present.

Members were sorry to learn that Steve Lamoureux is hospitalized. Emily Oliver is still in the Fort Saskatchewan Hospital. Wilfred is home and was present for part of the meeting. He thanked the members for all their good wishes.

Between returning members, and those hospitalized, there was a good deal of visiting all afternoon. A few

games of bingo were played. There were 34 (all members) answered roll call.

Eula read a letter from "National Pensioners and Senior Citizens Federation." They will be holding their annual meeting in Regina, Saskatchewan, on September 22-25. Application forms may be obtained from Eula. These must be in by July 24.

Sheila reported that she had renewed our membership in the "Alberta Council for the Aging." Members are reminded that the annual conference will be held in Calgary on May 8, 9 and 10. Anyone interested may go. Application forms may be obtained from Eula. Application forms may be obtained from Eula.

A special thanks to Jerry Borsjolt for his help at the door, all the ladies that brought chili, and all the ladies that helped clean up. Ken Wood, Morris Mounpeller, Miss Mettruce, Denise Lellweger, Gerry Stephens and Sally Majcher who set up tables, etc. on Saturday afternoon.

We were all very happy to hear that Anne Schimpff was hospitalized on Sunday. Hope you home soon, Anne.

A special thanks to Jerry Borsjolt for his help at the door, all the ladies that brought chili, and all the ladies that helped clean up.

Ken Wood, Morris Mounpeller, Miss Mettruce, Denise Lellweger, Gerry Stephens and Sally Majcher who set up tables, etc. on Saturday afternoon.

Last but not least, thanks to Miss Mettruce, Morris Mounpeller, and Gerald Kipling who met with me to plan the party, and helped in so many ways.

I believe we sent them off in grand fashion.

Wish you all the best in Innisfail, Don and Shirley

MORINVILLE MEMOS

By Marg Bentz
Well its time to start getting ready for Frontier Bazaar. An invitation is extended to any residents of Sturgeon who would like to display their handicrafts. There will be no competitive judging nor sales. Co-ordinator of the arts and crafts and hobby display is Mrs. Rhonda Stapleton. Registration forms will be available. For information call - Rhonda Stapleton - 939-4827; Denise Touchette - 939-4401; Priscilla Ramer - 939-4565; Shirley Ancill - 939-4441.

You are invited to open house May 8 at 8 p.m., at the Recreation Centre, for the final evening of the sixth week jewellery class, instructed by Carrie Rockwell.

The Royal Bank staff wishes to welcome to Morinville their new manager L. W. Kachman. Mr. Kachman, formally of the Consort Branch (where he was manager) reported on April 17.

On May 7 the Morinville Lions Club will be canvassing for the Winnifred Stewart School for Retarded Children.

On April 23, Mrs. Anne Kryskow and Emily Pautonier left by Northwest Orient for Pittsburgh, Pennsylvania, where they will attend the wedding of Barbara Shyan, a cousin of Anne's. They will remain a week in the U.S.A.

Mrs. Sue Brenner was surprised on April 20, by 30 relatives and friends, who dropped in to celebrate her 29th (?) birthday. Sue was very unprepared and was caught napping.

TOWN BY-ELECTION

Board of Trade is pleased to announce that the three candidates, in the by-election for town council, have been invited to attend the regular meeting on May 5. The candidates are Eugene Geo-

froy, Roger Champagne and Dave Phillips. Anyone interested in attending the supper meeting, can contact Don Derby at the Royal Bank for tickets. Those interested in just attending the speeches may come at 7:45 p.m.

Congratulations to Denis and Diane Sabourin on the birth of their daughter Christine Katherine. The seven pound baby girl arrived at the Royal Alex on April 22. Christine is pretty lucky, she has a brother Michel waiting at home for her.

The Agricultural Society held a general meeting on April 23, after the society banquet, to adopt a constitution and join the Alberta Societies Act. It was passed unanimously.

May 3 is the deadline for ball registration. Cut-off time is 1 p.m. at the Arena. For more information call Doug Ramer at 939-4565. Coaches and umpires are still needed.

The Rifle Club is starting their competitive shooting program April 30. Any interested persons can drop in at 7:30 p.m. and partake in the program. The club is open to all adults (16 and over) and all certificate holders in the junior firearms training program.

namet Saturday, April 26 by beating Leduc 6-4 Saturday evening. Morinville backed into the semi-final on a 7-2 loss to Leduc Friday night. Saturday afternoon they demolished Ban Accord 6-0 to earn the return match with Leduc Saturday evening. Spruce Grove was eliminated by Leduc during Saturday noon time play.

Winner of the free scholarship to Dave Kryskow summer hockey school (held in conjunction with the tournament) was Danny Schindler. The winning ticket was drawn by Kirsten Wahlfeldt.

The Oldtimer's report that \$120 was realized by the tournament and will be passed on to the artificial ice fund. Incidentally \$50 of this money came from their two wins, which the boys refused to keep for themselves. Thanks fellows!

FAMILY DAY DRAWS LARGE CROWD

Morinville's first ever "Family Day" was a whopping success. Sunday, April 27 saw 500 people taking advantage of the liquidation sale, in lieu of Sunday dinner, while watching the free entertainment.

Shaver B's edged their mothers 1-0 in a close (?) fought hockey contest; while the Shaver A's whipped the

same ladies 4-0. The mom's lack of offensive power was attributed to Alvina's (the vamp) failure to catch on fire with anything other than the referee.

The Figure Skating Club did a fine mini-carnival for the benefit of those in attendance. The little ones started off the show with the "Unicorn." Solo numbers were performed by: Jeannette Saldern, Lise Houle, Donna Kryskow, Cynthia Robinson, Viviane Blackburn, Jocelyne Blackburn and Lorraine Goebel. Further

performers were given by: Beginners Dance (Dutch Waltz), Bronze Dance (14 step), Intermediate Skaters (With a little bit of luck), and the Senior Skaters (Jazz on ice). The grand finale featured all the skaters. Due to it's huge success, then M.C. Roger Blackburn thanked all those who gave assistance and helped make the show a success.

Public skating finished off the day with prizes being given to costumed skaters. "Family Day" will probably become an annual event.

PROPOSED DEVELOPMENT

MUNICIPAL DISTRICT OF STURGEON #90
MORINVILLE, ALBERTA

It is the council's intention to reclassify the following lands from light industrial reserve to light industrial for development purposes as proposed by Black Clawson-Kennedy Ltd., c/o Hilldale Developments Ltd., 1000 Royal Trust Tower, Edmonton Centre, Edmonton, Alberta, for the purpose of a machinery manufacturing plant. The northerly portion of river lots 14 and 16, Fort Saskatchewan settlement.

Persons affected by or objecting to the said proposal may submit in writing to the undersigned the reasons for their objections or views on same on or prior to May 29th, 1975 at 2 p.m.

D. Gary Brownlee,
Development Officer,
M.D. of Sturgeon.

Coronado News

The Coronado UCW Unit #2 are holding their annual Mother's Day tea, bazaar, plant sale and bake sale on

Saturday, May 10, from 2 - 5 p.m. in the Coronado United Church Hall. Everyone welcome.

Sturgeon Regional Recreation Report

REC FEST MEETING

A meeting will be held in The Hub in the Namo School on Thursday, May 8 at 1:30 p.m. This meeting is to view the display areas and the special presentation ar-

cas and is open to all interested communities. It is hoped that all communities who plan to display their handicrafts will have a representative at the meeting.

MORINVILLE

A children's macrame class has begun in Morinville and additional classes can be organized if there is enough interest. Phone Sturgeon Regional Recreation, 939-4317 or Miss Frances Morris.

939-4149 for more information.

HORSE HILL

On May 10 the annual tea and bake sale will be held in the school gym from 2 to 4 p.m. A display of crafts is planned by the residents and there will also be craft demonstrations to promote the fall arts and crafts programs in the area.

SOFTBALL & BASEBALL

On Thursday, April 24, the Sturgeon Minor Girl's Softball League was formed. Approximately 33 teams are involved in the new league which is to commence on Monday, May 15, 1975. Those communities participating are Horse Hill, Gibbons, Calahoo, Villeneuve, Bon Accord, Riviere Qui Barre, Legal, Morinville and Sturgeon Valley.

The softball and baseball leagues are only able to operate because of interested adults who are willing to devote often valuable time in organizing such leagues. Those who are involved should be commended for the work that they have done. Parents should be encouraged to offer their assistance whenever possible - it could be as a coach, umpire or as a driver. If you can offer any assistance to the ball teams in your community I know they would appreciate a call from you.

GOLF LESSONS

Learn to Golf lessons are scheduled to run on Tuesday, May 6, 1975 at 7 p.m., in the Sturgeon Regional Recreation offices (south of the arena) Morinville. To register please phone 939-4317. Golf clubs are to be supplied by the participant.

DEFENSIVE DRIVING

A defensive driving course is to be held in Gibbons School on May 13, at 7 p.m. To register phone the Sturgeon Regional Recreation office at 939-4317 or Mrs. L. Grant at 799-9457 (evenings only).

REC FEST HOBBY DISPLAY

Do you have an interesting or unusual hobby that you would like to display? Then, why not display your work at "Rec Fest '75" in Namo on June 7 and 8, 1975. For further information contact the Sturgeon Regional Recreation offices at 939-4317.

MORINVILLE

BABYSITTER'S COURSE

Recent graduates of the Alberta Safety Council's Babysitter's Safety Course, under the direction of Mrs. Janice Lamb were: Debbie Swerda, Sharon Vranas, Tracie White, Sandra Boddez, Catherine Brown, Cheryl

Bulger, Shamuna Butt, Louise Chalifoux, Dena Ellis, Leslie Enright, Bonnie Flanagan, Karen Johnson, Debbie Lamb, Daniel Mercier, Janet Mulligan, Albert Riopel, Claudette Riopel, Terry Ann Smith, Tracy Anderson, Laurie Bulger.

Vanier students in Voyageurs program

A group of 20 students from Georges P. Vanier High School will be taking part in "The Young Voyageurs" program this summer, and

are looking forward to an exciting exchange trip.

The Young Voyageurs program is a travel and exchange project for Canadian secondary school students, and it is designed to provide teen-age students (between the ages of 14 - 17) with the opportunity to get to know their country and their fellow Canadians. All major expenses are paid by either the federal, provincial, or territorial governments. Home accommodation and meals are provided by the com-

munity being visited.

The Morinville group are busy making plans and will visit Lachute, Quebec, (about 40 miles from Montreal) from July 4 to July 17. In Quebec, students will be accommodated in the homes of students from Lachute. Local authorities will organize activities, programs, sightseeing tours, etc., for their stay there.

The Morinville group will then return and from July 24 to August 2 will host a group from Scarborough, Ontario. Plans are already underway to provide an exciting stay for the 10 girls and 10 boys. So far, there is a proposed three-day trip to Jasper National Park and the Columbia Ice Fields, a day at Edmonton's Klondike Days and a banquet at city hall, as well as local barbecues, water rafts, and song fests in the evenings.

The students participating this year are: Marthe Boissonneault, Michelle Carignan, Collette Gibeau, Karen Gibeault, Donna Kryskow, Lorraine Riopel, Rita Riopel, Rachelle Sale, Debbie Vranas, Janice Van Brabant, Albert Brochu, Salim Butt, Ronald Cusi, Brian Jordan, Colin Keylor, Marc Nobert, Ruth Schafers, Raymond Short, Robert Tellier, and George Vansandend. They will be accompanied by Mr. and Mrs. John Keylor.

The group will be holding various activities to help raise some spending money for their trip, and would like your support for this worthwhile project.

High Quality Every Day

Want a tip on how to get the most for your food dollar? Ask a neighbor, relative or friend whose judgment you trust. Skilled shoppers who take the time to shop around soon come to the conclusion that it takes consistent high quality and low every day prices to give the best value. That's exactly what we promise you at Safeway. That's why so many smart shoppers in this area depend upon Safeway for their food supplies. Our welcome mat is out. Come save any day, every day.

\$499⁰⁰

DON'S ELECTRIC LTD. Morinville, 939-4245

Dear Customer,

It has indeed been a pleasure serving all you wonderful people for the past 11 years.

I have sold the Business (Don's Electric), to **Lionel J. Sale**, a resident of Morinville all his life. He comes to you with much experience in TV, Appliance and Furniture salesmanship and servicing. Lionel has worked for me part-time for the last four years.

Lionel will be operating under a new name - **L.T.S. Electronics** commencing May 1, 1975.

It is Lionel's intention to continue with the same top quality TV & Appliances and strive to improve the service of these products.

For me I leave a business that began on a shoestring on May 20, 1964. They have been busy years with never a day passing without a new experience. And it is you, the valued customer, that provided the experiences. For that, and much more, I thank you.

I leave proud that I have done my best to provide good service on quality products, and I know that Lionel will take, where I left off and continue to improve both. With your continued support Lionel can do it.

Yours truly,
Donald D. Found.
